

THE GOLDEN EAGLE

Volume 1

“The Summer of Extraordinary”

Week 5

Soarin' Through Summer

We soared into week five with some new campers and even more fun. Monday was **Soarin' Sammy's Secret Spot** where each division competed to find the most Soarin' Sammies hidden throughout camp. Congratulations to **3/4/5 Boys** who have earned an **ice cream party**. Tuesday was definitely in the top ten for favorite days - **Tye Dye Day**. I saw **bandanas, shirts, shorts** and **socks** decorated with color and pattern.

Clang! Clang! Clang! What was that sound? It was a **fire truck** roaring into camp to start the fifth special day of the summer, **Wet n' Wacky Water Day**. After everyone got **sprayed with the fire hoses**, it was on to a day of wet fun. There was the **Car Wash** at the Gathering Place, **Water Limbo** outside Music and a **Wet Clothes Relay** on the Soccer Field. There were also two giant blowups, the **Kids Car Wash** and the **Water Slide**. It was definitely a flip flop and bathing suit day.

Can you say **Sbrawkcab Yad**? That's Backwards Day well, backwards. There were backwards shorts shirts and hats. I even saw shoes on the wrong feet! It was hard to tell who was coming and going.

We finished off the week with **Fiesta Friday** and tacos for lunch. Don't forget Monday is **Family Fun Night**. There is still time to sign up. Also, CITs are collecting baby items and personal hygiene products for families in need through August 9th. Check out the blurb in this newsletter. Have a wonderful weekend.

With courage and heart B1B shined, even when the sun did not. For our group it has been grand weeks with much laughter and fun to share. It was good to see Sanjay Pooran smiling while hitting the ball at Mini Golf. Zachary Levin really enjoyed going down the froggy slide at Swim, one day he went down over 20 times! Cameron Ockun made a fabulous pencil holder in Arts & Crafts, hopefully it will become the home of the most extravagant pencil collection. Albert Scarmato did a great job at T-Ball, even scoring a run while at bat. Jack Price had a blast at Mad Science during the Rocket Balloon Race. All in all it was a wonderful week for B1B, we cannot wait for our next adventure.

Tons of Fun

The B1A Awesome Alligators continue to have a ton of fun as we pass the midpoint of the summer. The amazing experiences have continued to come and we expect there will be plenty more lasting memories as the summer continues.

Jesse Beckman had a great time playing basketball, making sure to lead his team by passing the ball around and taking the difficult shots! David Farber continues creating beautiful masterpieces while at Arts & Crafts. Jonah Fass enjoyed swimming in the pool and playing with all of his buddies in all of first grade!! Samuel Fung and Christopher Green were very lively during this week's Special Day, Wet n' Wacky Water Day, participating and leading by example in all of the activities! Matthew Liquari is the newest member of the Awesome Alligators, and he especially enjoyed Cooking, where he made amazing food dishes. Andrew Rubenstein and Max Seidler loved to participate in all activities, including computers where he was able to play his favorite computer games with their fellow Awesome Alligators.

We expect that the fun will continue to increase throughout the rest of the summer. We are very happy to see how well the group is getting along and we hope that this will lead to everlasting friendships!

An Amazing Summer

Kiddie Kingdom is having an amazing summer! Campers are making new friends and having a blast with their counselors! Rachelle and I have also been going to activities and having a great time being campers alongside them! During Division Leader Time, which we have once a week, we colored cards that we are going to send to troops over seas to thank them for their service. We also played in the Spray Park, went "driving" on the wooden trucks, and made chocolate covered pretzels.

We are really getting excited for our Kiddie Kingdom show "In the Jungle" which is week seven of camp. We have enjoyed learning to dance and looking forward to seeing you the day of the show! It has definitely been a wonderful week and we are really looking forward to the rest of the summer here at Eagle's Landing!

What a Blast!

The fifth week of camp was a blast for the girls of G5B! We welcomed 2 new girls to our group, Jocelyn Solano and Francesca Dinicola. They both fit in just right in. Jocelyn instantly jelled with all the girls and enjoyed playing World Cup in Soccer. Francesca choreographed a great dance with her new friends! Maya Benson and Danielle Brenner showed how truly awesome they are in group time where their imaginations were endless and they had a blast on the X-wave and wooden trucks! Gianna Calandrucchio showed off her artistic side when she banged out the rainbow loom bracelets like nobody's business! Daniella Frantz and Jordan Dicker were off to the farm on Monday to ride horses. They came back with huge smiles on their faces because of how much fun they had! Caitlin Price once again stole the court in Tennis showing everyone up with her fabulous skills!

G5B has a one of a kind athlete, Maya Iskowitz, who was an all-star during Ga-Ga winning 3 games!! Brenna Matthew and Jenna Murphy proved to the group that being crazy is the best thing possible. They run around camp with smiles on their faces especially when participating in the Tye Dye elective where it looked like their bodies got more paint than their pillowcases! Julia Calandrucchio was ecstatic to come back to the group to show us the foot balm she made in Arts & Crafts. She definitely had fun that day. Last but certainly not least, Celia Braswell always comes to camp ready for sports. Not only is she an all-around sports girl, she even shows up the boys in Football and Lacrosse! You go girl!! The girls of G5B sure had a wet an wacky week and we can't wait for even more fun next week!

SWIMMING ALONG

Swim this summer has been so totally awesome! All 4 of our pools running at full speed, and we also have our super cool Spray Park spraying plenty of water for all of the campers to have fun in! Kiddie Kingdom has been working hard on a number of their skills in Instructional Swim, whether it's some starfish floats or rocket ships with ice cream scoops.

1st Grade has not only been practicing skills on their own, but they've also begun working their way up to the deep end of the big pools!

2nd Grade loves the slide but we are also spending a lot of time working on swimming across their spot all by themselves with some fantastic arm and leg strokes. 3rd, 4th, and 5th Grades have been working their way through the strokes quickly, and are also learning those turns and survival skills. Upper Camp is rocking out in their Swim electives, whether it's Guardstart – learning what it means to be a lifeguard and some of the skills – or Pool Sports.

Not only is our normal swim program terrific but Wet n' Wacky Water Day was this week, which is totally our favorite day. The kids got to have lots of fun in the water, whether they were in the pool or on the fields. For breakout a REAL FIRE TRUCK from South Brunswick came to spray the campers! That was pretty cool. Then the campers got to do some awesome things like go through a Kid's Car Wash or participate in a Wet Clothes Relay (that one's tough). Whatever everyone was doing, we know they totally had a blast. =)

On top of everything else, we are preparing for our Swim Meet! Now that try-outs are over, we have sorted everyone into their best stroke and started making heats for them to race. Some of our awesome swimmers will even be traveling down to a camp called Liberty Lake next Tuesday to race against them! Everyone on the Swim Team will have an opportunity to participate in the races.

Whew, there's a lot going on! Well, we can't wait for the rest of the summer here at Swim!

Swimtastically yours,
Hanna & Dara, Swim Coordinators

It's Flying By

Fun filled week five flew by all of us in Upper Camp! Midway through the week we enjoyed a fantastic trip to beautiful Westfield, New Jersey and challenged ourselves to a massive scavenger hunt, which we accomplished with ease. Back at camp Sean Abkowitz had a blast bombing the ball over the heads of his fellow campers at Kickball. Michael Mancinelli, a new addition to our group at week five, showed off his Soccer skills along with Randy Arronis during the intramural soccer game with Lakeview. Meanwhile Michael Innes was cranking out line drives at the Batting Cages. Kevin Fallon, Jake LaRaia, and Matthew Heyman, the B7B Triumvirate represented the group in

a huge game of Prison Ball! Additionally Holden Silverberg, the three point machine, could be found playing Horse and Knockout, controlling the court. Last but not least, Brandon Beckermen and his fellow campers were busy building rockets and taking apart computers at Tools and Tech and Rocketry.

In Nature, Sierra Franz and Maya Davis made super cool projects based on the book The Very Hungry Caterpillar. Maya Sampson and Ava Masiuk showed off their creativity in Arts & Crafts by making a very yummy ice cream sundae. In Bake Shop, Sophia DiCola became a master chef and made cookies in the shape of an "S". Caitlyn Holmes became a Mad Scientist and made super sticky Oobleck from Dr. Seuss's book Bartholomew and the Oobleck We are having a blast every day and can't wait for what the rest of the summer will bring us.

The Best So Far

Week 5 has been the best so far, with all the fun-filled activities. During Wet n' Wacky Water Day, Jared Krasnove, Ian Abkowitz and Joseph DiCola had a blast while being sprayed by a fire hose. Furthermore, Ga-Ga this week was full of many winners including Joey Reilly, Alex Mancinelli and Jack Kern. Also this week, Georgie Fotiadis and Nicholas D'Aloia both beat their counselor at Ping Pong. Another amazing part of the week was when Grant Reiter was my partner in basketball and helped us win numerous times. Also, Jeffrey Mann had a superb time on the X-wave and monster trucks. One of my favorite activities this week was Division Leader Time. We hid the campers' and counselors' shoes and Matthew Bransky was the first to find his. We are going to miss Jake Peto and hope to see him next year.

We can only hope that next week can beat this week, but it'll be difficult.

Jason, Counselor and Corey, JC B4A

The CITs of Eagle's Landing Day Camp have partnered with RISE, a Community Service Organization, to help families in need and they can use your help. They are collecting baby products such as formula, clothes, and blankets, as well as personal hygiene items such as toothpaste, toothbrushes, deodorant and hair care products.

Please send these items to camp by Friday, August 9th or bring them with you on Family Fun Night. Thanks for your help.

Exploring Fun

"This is the most awesome thing ever!" Stop by Mad Science any day and you will hear campers saying things like this. Kiddie Kingdom loved learning about magnets and testing their predications about color combinations. Campers young and old had a blast during Bubble Madness Week. Some created bubbles as long as 20 feet! As always, we have had fun making a mess with slime and Oobleck. Next week, we'll be launching Alka Seltzer rockets and discovering how sound travels through different materials.

A lot of kids have been asking for an Oobleck recipe so they can play with it at home. You'll need a cup of cornstarch and half a cup of water. Add 3 or 4 drops of food coloring and have fun. Remember not to dump your Oobleck down the drain, but in the trash.

Keep exploring!

THE GANG'S ALL HERE

The GKC gang had another amazing week. We can't believe how fast this summer is going. Lily Simmens looked sweet as honey in her bumble bee costume at Creative Dramatics. Her comedic dance put a smile on everyone's face. Rebecca Charney got her Einstein on in Mad Science. She was so into the OOBLECK creation - her hand turned blue. Zoey Alexio can make a basket three times her height at Basketball. This modest starter is saving her skill for the WNBA. Brooke Schnabolk made record breaking news this week at the pool side. Not only did she dunk her head under water, but she was swimming circles around the lifeguards. Allison Beiderman was showing everyone up on the T-ball field, she broke the record for the most home runs. Ashley Drobbin revealed her inner daredevil at Nature, she stroked a snake! Olivia Mitchell was soaking up the sun at the Spray Park. She loves all of the water shooters but the Froggy Slide is her favorite. After such an action packed week, we can't wait to see what the rest of the summer has in store.

Scott Rubin had a wonderful time in the Home Run Derby. He swung for the fences and didn't let his teammates down, as B6B came out victorious against B6A. This week had everyone smiling and having fun. B6B is having a great time here at Eagle's Landing, and everyone is enthusiastic to play and bond with one another in the upcoming weeks.
