"The Summer of Extraordinary"

Week 6

It's a Bird, It's a Plane, It's Camp!

It was perfect weather for another wonderful week at **Eagle's Landing Day Camp**. We started off the week with **Messy Monday** where campers were asked to eat their lunch without utensils including chocolate pudding! Tuesday was the **Swim Meet** at Liberty Lake where our Swim Team members won in a close match. Not only did they swim their hearts out, they showed good sportsmanship as well. Was that **Batman** who just walked by? No, it was someone dressed up for the 6th Special Day of the summer, **Super Hero Day**. Our "superheroes" participated in a variety of activities including **Spiderman Web Tag**, **Radioactive Relay**, the **Super Hero Fly** and the **Super Hero Obstacle Course**. Thursday was **Penny Pincher Day** when our families donated their loose change to benefit families in need. All proceeds went to RISE. **Bubble Wrap** day finished off the week of fun with our campers dancing the Wobble on bubble wrap.

Monday is the **First Grade Breakfast** and **Second Grade Stay Late**. Wednesday is **Carnival** so there is no visiting the entire day. Have a great weekend. *Claire, Editor-in-Chief*

KEEP ON QUACKING!

Now that we've reached the end of week 6, so much has happened in 1st and 2nd grade! The campers continue to have a fantastic time playing Ga-Ga, making crazy creations in Arts & Crafts, doing trust activities at Ropes, and swimming at the Pool and the Spray Park!

We are so excited for the 1st Grade Breakfast and the 2nd Grade Stay Late next week! We cannot wait to see the 1st Graders dressed up in their PJs, having delicious French toast sticks, cereal and bagels. That same day the 2nd graders are going to have an awesome time at their Stay Late; swimming in the pool and having tons of fun. There's even a special surprise! We ask that all parents of 2nd graders to please log in to your Camp In Touch accounts and fill out the 2nd Grade Stay Late Form before Monday.

Just a reminder to all parents, please remember to apply sunscreen on your campers before they arrive each day and to label everything that comes in to camp. We are battling against Lost and Found, and our goal is to make sure each camper goes home with all of their belongings.

We only have two weeks left but we're going to make sure these two weeks are even better than the past six! Enjoy the rest of your summer!

Quack!

Eagles Landing is the best camp on earth! There is so much to do here, like Swimming, Arts & Crafts, Ga-Ga, the Zipline, and much, much more! Eagle's Landing Day Camp is a great place to spend the summer. Last Friday was Fiesta Day and to celebrate we had tacos for lunch. They were really good! We have so many choices even at Swim. There's guard start or pool games and races and competitions and even water survival! We like the lunches, they have so many choices like pizza, chicken nuggets, hot dogs, hamburgers and even meatball heros!!!! YUM! EAGLE'S LANDING IS THE BEST CAMP EVER!!!!!!!!!! :)

Getting Through Summer, One Laugh at a Time

This summer has been a slammin' great time for the LIT and CIT boys. Their swag and awesomeness cannot be beat. If you're looking for the best group of boys there is, then look no further; these boys have you covered.

For the CIT boys, their talents and skills help them stand out above the rest. If you're looking for the next Food Network Star, look no further than Steven Abrams. If you're looking for three people to take over for Curly, Moe, and Larry, then comedians Mark Brum, Andrew Goldberg, and Robbie Meier are your men. If you see something shining bright in the distance, it's not gold you'll find, but Jack Camins's contagious bright smile. He is an all-around camper, enjoying all camp has to offer. Scott Richards can be seen tearing up the Volleyball Court. He also works well with all members of the group. Move over Nemo, the real fish of the sea, or pool we should say, are Daniel Burke, Andrew Yager, and Austin Mitchell for always swimming and helping out in their groups. Jacob Krause always impresses with his stylish lids, but it's Sam Weiss who can rock the Mets shirts proudly. Evan Dekhayser can take anyone down in baseball, but Anthony Murano has you beat when it comes to those Computer games. If you're looking to learn the language of love, and yes we mean French, then come talk to Sam Tang oui, oui. Last but not least, Jeffrey Goldstein and Jake Singer can tell you about all six trillion Pokémon. There may not be that many, but they've got the drive to catch them all!

The LIT boys are always on the move. Louis Consentino has a quick hand when it comes to playing Ping-Pong. Ronaldo Solano and Christopher Martinez's swift feet help make them an asset to any soccer team they join. World Cup here we come! Better yet, the NBA's next all stars Justin Samuels, Xavier O'Brien, and Adam Serenkin make the Heat look like amateurs. Evan Kupsch has quick fingers when it comes to typing on the keyboard, and Doug Fisher can school anyone in Tetherball. If a ball is coming at you, don't worry because Mason Sontag's quick Lacrosse techniques will save the day. Down at the pipes, Thomas Van Cak can be seen working hard to become the next Tony Hawk. His skateboarding skills are real chill. The next president of the United States is sure to be Daniel Salowe with his quick thinking and creativity in weekly

meetings. He's got our vote! He may have some competition from Dhanush Gandham, though, whose quick eye and great talent can make him a top contender.

Our summer may only be half way over, but there are definitely more memories to be made! Broski's for life!

Fun With Ceramics!

We've been very busy learning new ceramic techniques. Campers have been applying the "score & slip" method with hand building, slab and flat ceramic projects. First and Second Grade campers have been raving about the swarm of aquatic creatures they have made. Meanwhile, Soarin' Sammy, our Camp mascot, should be flying home with our Third, Fourth & Fifth Graders. Our Kiddie Kingdom friends are such fast learners! They have been able to make higher level projects such as pinch pots. Upper Camp and CIT visitors to Ceramics have been perfecting their talents and really amazing us with their creative pieces! There's a lot more to learn this Summer, and so many awesome projects to make. We can't wait to see you again in Ceramics!

EAGLE'S LANDING INAUGURAL SUMMER

Upper Camp is having so much fun during our first summer at Eagles Landing. During week one 6th, 7th, and 8th grades went to Rebounderz for their first trip, and the 8th grade went on their first half day trip to an ice skating rink. Week two started with an exciting trip to New York City to experience Ripley's Believe it or Not. The 8th grade ended the week at Sandy Hook Beach. Week three was a trip Tubing down the Delaware River. The campers were fantastic and did an excellent job battling the sun and the river. The 8th grade ended the week at the Microsoft Store for some computer training. During week four we took our annual trip to Jenkinsen's Beach, and the 8th grade went to Mini Golfing for their second trip.

Week five was awesome, starting with a Scavenger hunt in the town of Westfield, NJ where everyone had a great time, and ended the week with the 8th grade going to lunch at a Hibachi restaurant. Which brings us to week six, for an awesome outdoor adventure to Combat Sports for Laser Tag. The 8th grade finished the week Roller Skating. So as you can see Upper Camp travels often. We also participated in our first Intramural Sports League with three other camps. We competed in Basketball, Softball/Baseball,

Soccer, Flag Football, and Ultimate Frisbee. The campers loved the experience of travelling to other camps to play against their peers, and are looking forward to next year.

When not on trips, upper camp has enjoyed numerous electives such as zip line, flag football, Cooking, Baking, and Mad Science to name a few. Let's just say that there are so many amazing activities to do, and we anxiously await Carnival during week seven.

Jumping into Fun

We can't believe that camp is almost over! We're sad to see the summer go so fast, but are excited to see what the last 2 weeks of the summer have in store. Emily Wyand, our newest edition to GKA, is fitting in perfectly. She showed off her athletic abilities in basketball by making two baskets and encouraging her friends! Eden Winston was a star on the T-ball field, and can run around the bases as fast as lightning. Ella Weber has completely broken out of her shell, and is constantly coming up with new games to play with the rest of the girls. Sophia Vriesendorp can give Hope Solo a run for her money because she jumped right in the soccer goal during Steal the Bacon and cracked everyone up! She even made an incredible save that was talked about for days. Then you have Amanda Seidler, or Nugget as we like to call her, who can dance her tush off like no other! She's constantly dancing to the beat of the drum. Next there's Jolie Salamon who is a pro when it comes to Nature! She is fearless when it comes to petting the animals, and loves the snake Sunny! Isabella Rubino is no stranger to the kitchen when it comes to making chocolate covered pretzels. This little baker even covered her pretzel with sprinkles to make it more delicious than before! Sophia Demarest is so creative at Arts & Crafts. She painted a gorgeous picture that should be in an art museum! Ally Beckman is becoming quite the swimmer! She can now go under water with no problem and loves playing in the pool! As week six comes to an end, we are more excited than ever to jump right into week seven!

Rockin' along this summer, the Rockstars of BKC sure know how to have fun. Starting the BKC tour is our Mini Golf all-star, Jack Rubin. He loves to get a hole in one. Next is the artist of the group, Ritik Thukral. From piggy banks to making pizza, Ritik enjoys using his creative side. Matthew Bershad showed us how brave he is when he held a snake in Nature, that was his favorite part of the week. Benjamin Stoeckel's favorite part of the week is running around the Spray Park, especially standing under the buckets. Brendan Kasner loves going to Computers and playing Angry Birds Space. He got the high score for BKC! DJ Pearce runs around the playground with a smile from ear to ear. His favorite part is racing down the big green slide and chasing his friends. As the Kiddie Kingdom Show comes closer, our little dancer of the group, Justin Bryan is in sync with the rhythm of the jungle music. Last but not least, Ty Hecht shows us all of his super tricks in Swim. Ty has grown so much as a swimmer since the first week. The boys of BKC are having a rockin' summer and we can not wait to see what's still in store.

The Glass is Always Half Full

Eagle's Landing kicked off its sixth week with the 6th graders leading the way with teamwork and fun. We've all enjoyed the cooler weather.

For our Division Leader Time, B6A competed in a Home Run Derby. Logan Nadelman, Jake Salas, Jake Descoteau, Scott Herzberg and Jack Richards were just five of many great home run hitters in the tournament. B6B ultimately won the tournament, but a great effort was displayed by everyone. Nigel Scott is the go-to guy on the basketball courts, while Bernard Shuravesky is the King of Tetherball.

One of our favorite trips this summer was the scavenger hunt around Westfield's beautiful downtown. Dan McNicholas, Matt D'Aloia, Tyler Sonatore, Robert Innes and Steven LaBarbera were some of the key contributors in the hunt. The campers also had the opportunity to visit some of the great food and drink stores around the downtown.

Some might think camp is half over, but considering the positive attitude and fun the campers are having, it's definitely a glass is half full situation.

The Jumping Jellybeans of BKA have leaped to new heights these past few weeks of camp! They have all grown so much from the first week of camp and have really become the best of friends. Ciara Van Ness is the Top Chef of BKA. She had a blast smashing up the ingredients for the Dirt Cup. All aboard, Frank Gangemi has taken the role of the conductor on the wooden train. She loved pointing out all the trees and plants to the group. Leighton Carpenito brought out her inner actress during Drama, she was a pro at acting out all different animals. You would've thought there was really a big frog hopping around. Alexander Coppola showed off his scooter skills during Fantastic Fun, he was certainly fantastic at scooting around and picking up bean bags. Ryan Weiss lights up when he sees the playground and has mastered climbing the rock wall all by himself. Alexas Manzano is not afraid to show off her awesome dance moves, she loves to be the life of the party. Cooper Powell whipped up delicious sugar cookies in Baking this week. He loved mixing the ingredients, rolling the dough and most of all eating the yummy creations. Shay Patel was a pro in Soccer, he was scoring tons of goals left and right.

We are excited to make the last two weeks the most memorable of the summer!

LEARNING GAMES TO LOVE

What's fun? Fastastic Fun is. We have had the best time this summer so far. The Angry Birds Can Game was voted #1. Kiddie Kingdom, 1st grade, and 2nd grade all used their overhand throwing skills to knock down the evil pigs. Some knocked them all down. The 2nd favorite Fantastic Fun game is scooter races. Campers whished and whooshed down the black top. Who knew a workout could be so much fun?

During this week, we played a new game to most of camp called Corn Hole. Using our coordination and underhand throwing skills, we had to get the bean bags into a hole. It was tougher than it looked, but campers still did well.

More Fastastic Fun games coming up.....I have a lot of games that you will love.

Abby, Fantastic Fun

Another Awesome Week

The B5Beasts had another awesome week! Zach Lacerte and Josh Stein were the champions of Ga-Ga. On Tuesday, Jake Feinerman and Jeremy Oliver played great Basketball. Meanwhile AJ Gabilanes and Connor Gabilanes had a blast at the Swim Meet. Tyler Sommer showed off his batting skills and hit a home run at Softball. Later, Jaden Hecht was a beast at Wall Ball. We can't wait for week 7 where we will continue to have a blast.

Zack, Counselor and Evan, JC B5B

amazing and exciting

G4A had an amazing 6th week. We were all excited to welcome back Hayley Boka, Lauren Melcer and Becca Smoller along with our new addition, Sarah Benson. Sarah rocked out her first week at ELDC. She had so much fun with her new friends playing Red Rover at Group Time. Haley got a beautiful manicure from Gina during Girl Time. Along with her perfect nails, she added pretty braids to her hair. Izzy

Newman absolutely loved our activities at the overnight on Tuesday. She had a blast searching for Stephanie with her teammates, and dressing her up as a handsome groom so she could walk down the aisle to her bride to be, Dani. Lauren Melcer had fun running around camp during her Scavenger Hunt elective, trying to find different objects. Her team did an awesome job finding as many things as possible. Tori Cohen's favorite activity is Ga-Ga. Whenever she has free time, she wants to play, and as always, she ruled the court. Hannah Keenan was a true champion on Tuesday during the Swim Meet. I don't think ELDC would have won without her. Marin Kerker had a blast at the overnight, as well where she made delicious s'mores with her camp friends. The next day, Marin transformed into a super powerful towel woman fully equipped with a goggle mask for Super Hero Day. Julia Perez made a beautiful butterfly in Ceramics that looked like it was about to flutter away. Rebecca Perez once again ruled the Soccer field and she is definitely the reason G4A is keeping up its winning streak against G4C. Rebecca Smoller's favorite activity was Ropes. G4A played a new game called Hurricane Island Escape, where everyone had to work together to get across the tight rope. Our completely reunited G4A had an absolutely perfect week. Even though we are so excited for week 7, we are all so sad to see Marin Kerker leave us.

Give Yourself a Round of Applause!

Our Penny Pincher Day raised over \$800.00 for RISE, but we'd like to do more. Our goal is to double that by Thursday, August 15th. So keep sending in your loose change. The division with the most donations will get an ice cream party!
