"The Summer of AHH-MAY-ZING"

Week 2

## WHAT AN **AHH-MAY-ZING** 2ND WEEK OF CAMP!

Wow! Week 2 of camp has come and gone but not without tons of fun! Campers settled in and were excited to return for their first full week at ELDC! Everyone wanted to meet all the new campers that joined us this week!

Monday was picture day and everyone brought their smiles! We can't wait for you to see your kids photos! They came out **AHH-MAY-ZING!**

Tuesday was **Cow Pie Your Counselor Day** and as you'd imagine, the campers really enjoyed seeing their counselors get pied in their faces when they answered questions incorrectly. The counselors couldn't help but laugh which made things that much funnier!

Our 2<sup>nd</sup> Special Day, **Rodeo Round Up Day**, was on Wednesday and the campers really had a blast! Thursday was **Team Thursday** and everyone proudly wore their favorite team shirts! It was really cool to see everyone's favorite teams.

Rounding out the week on Friday, the campers had a great time at Paper Airplane Day! We can't believe how fast the summer is flying but we are really excited for week 3!

### Week 3 Schedule

This week's special day was Rodeo Day! All of the campers had a fantastic time dressing up in cowboy hats and they loved their sheriff pins. Everyone enjoyed the day's activities, especially the toilet paper toss! In arts and crafts, campers made peat pot horses and they cut out horseshoe and cactus shaped cookies in baking. Our cowboys and cowgirls worked as a team when they competed in the snake in my boot relay and they let out their best **yee-haw** in the horse race. They showed off their rodeo skills

while roping some cows and sifted for gold in the volleyball court. The day was a great follow up to cow pie your counselor day where some of our campers

got to pie their favorite counselors. The week finished with Team Thursday where campers showed their support for their favorite teams and paper airplane day where they showed off their folding skills. Next week's special day will be Blast from the Past, celebrating the fifties, sixties, seventies, and eighties!

# SCIENCE TRACK!

This week was super awesome because Science Track started! We learned all about genetics, natural disasters, and oceanography. In genetics, we had a blast becoming birds and adapting to different mutations in our hunt for food. We even got to see real DNA when we extracted it from strawberries at the end of the week! Natural disasters started with volcanoes and tracing their origin through eruptions and “cooling” of lava. We were able to produce our own tornadoes in jars while discussing their destructive nature and had a great time engineering buildings to withstand earthquakes! Finally, oceanography washed in with discussions and experiments about tides, animal camouflage, sea level rise, and ocean currents. Check back Week 6 for more cool Science Track happenings!

*-Jen, Science Track Instructor*

# The boys of BKA LOVE camp!

Being the youngest group in the whole camp, we sure know how to have fun! Roman Tutela and Sujash Kambam are the fish of the group!

Whether we're at the Spray Park or the pool, if there is water, they're smiling. If in a few years Marquay Taylor is an architect, we will not be surprised! His skills at Lego Land are “building” every week! Rafael Sharlot is the artistic man of the group. His Arts and Crafts projects are nearing perfection! Michael Satchell is the animal expert of BKA. He tells us fun facts about spiders and is thrilled to be at nature to play with our animals! Noah Austein has fun using his imagination in creative dramatics. His acting skills are awesome! Pauly Gallucci showed off his golfing abilities at mini golf! Have you ever seen a 3 year old hit a hole in one? We have! Gavin Kienu had a blast in Mad Science playing with Mad Dan and magic sand! Zachary Oliver made some delicious snacks in baking, and had a ton of fun! William Altman, our newest BKA friend, got “rolling” with Abby during scooter time! We are so thrilled that we have such an energetic group!

*- Erika (Counselor) and Jamie (Junior Counselor)*

## ROPES

It's only week 2 down at Ropes but we are already having a blast! It did not take long to see all of our groups working together in our team building activities to reach a common goal. “I can't do it” is never a phrase you'll hear down at the rock wall! During elective times last week, campers were climbing up both sides of the tower. Then came the best part - using the zip line to come back down! This week, campers got to use the challenging high

elements. The high elements involve so much balance and concentration, but it was nothing our campers couldn't handle.

-Tommy, Ropes Instructor

## CERAMICS

We have started this summer off with an amazing start. The campers love working with the clay and stand back and look at the magnificent things they have created. The free forming bowls are astounding and show tremendous creativity. The flower candle holders will light up any space. The pinch pots and coil pots will be the perfect place to hold all of those items that clutter the counter space. We are looking forward to seeing what masterpieces the campers design and implement during the rest of the summer.

- Jenn (Director) and Alli (Instructor)

## "A Terrific Week 2!"

Group B5B had yet another awesome week of camp! The enthusiasm from week 1 carried over this week as B5B welcomed 6 more campers into the group. Everyone in B5B had an amazing week as the campers participated in several activities that they thoroughly enjoyed. Sluggers David Bartels, Samuel Cohen, and Ryan Bernstein displayed their baseball skills as they emulated their favorite stars and smashed the ball to all parts of the field during baseball. In addition, Matthew Mahler, Ethan Barnes, and Mark Rubin enjoyed playing competitive games of gaga with the other fifth graders and Lex Demarest had a lot of fun playing different mini-games in computers. Ryan Newell, Alexander Yasko, and Colin Keise all played foosball under the ping-pong tent and watched intently as they maneuvered the ball back and forth on the table and tried to score. Last but not least, Brandon Weber and Josh Webber created their own "fliers" in Mad Science which they could launch and watch as the wind carried them across parts of the camp. Week 2 of camp was a total success. The group had a ton of fun and is excited to continue doing so during the

upcoming weeks of camp.

- Sam (Counselor) and Jeffrey (Junior Counselor)

## Fun is our GOOOAAAAL!

Last week, the campers on the soccer field were practicing their dribbling and ball handling skills. This week, the campers are sharpening up their passing skills! While working with buddies, the campers are trying all different ways to pass and share the ball. Even though the World Cup is coming to an end, our Eagle's Landing World Cup games are just getting started! I can't wait to see who will win OUR world cup! I am very excited for the rest of the summer!

## BAKING CORNER

### Boston Cream Pie Cupcakes

#### Ingredients

- ★ 3 egg yolks
- ★ 1/3 cup sugar
- ★ 3 tbsp cornstarch
- ★ 1 1/3 cup milk
- ★ 2 tbsp butter
- ★ 1 tsp vanilla
- ★ 12 - 2 1/2 inch baked vanilla cupcakes
- ★ 1 - 6 oz. package semisweet chocolate pieces (1 cup)
- ★ 1/2 cup whipping cream

Vanilla cupcake recipe not included (we use Duncan Hines boxed vanilla cupcake mix but feel free to substitute any other brand)

#### Directions for vanilla cream:

In a small bowl lightly beat egg yolks; set aside. In a medium saucepan combine sugar and cornstarch. Whisk in milk. Cook and stir over medium heat until thickened and bubbly. Cook and stir for 2 minutes more. Gradually stir about 1 cup of the hot mixture into the egg yolks, stirring constantly. Return all the mixture to the saucepan. Cook and stir until bubbly. Cook and stir for 2 minutes more. Remove from heat. Stir in butter until melted. Stir in vanilla. Cover surface with plastic wrap. Chill in the refrigerator for at least 2 hours or up to 24 hours.

#### To assemble:

Cut each vanilla cupcake horizontally in half. Spoon 1 heaping tablespoon of vanilla cream onto the cut side of each cupcake bottom. Replace cupcake tops. Place cupcakes on a wire rack set over waxed paper.

#### For ganache:

In a medium microwave-safe bowl, microwave chocolate pieces and whipping cream on 100% power (high) for 1 to 2 minutes or until chocolate is almost melted. Stir until smooth. Spoon ganache over cupcakes. Let stand until chocolate is set. Chill in refrigerator for at least 1 hour before serving. Makes 12 (2 1/2 inch) cupcakes.

It's hard to believe the second week has come to an end, this week was filled with sunshine and sports. On the 1<sup>st</sup> day of week 2, Alex Brengel, Irving Lopez and David Phenes all had a great game of knockout on the courts. Furthermore, the LITs chose their groups and Ethan Pearl, Sarah Schornstein and Michael Tenenbaum really showed great enthusiasm with their groups. Another highlight was that Scott Tilbur beat the counselor in basketball with his superb jump shooting. Halfway into the week, Kiddie Kingdom campers were ecstatic with their new CITs and LITs. Jayme Sawyer, Gabby Blaustein, Lauren Tenenbaum, Caitlyn Neumyer, Evie Cukor, Braith Dicker, Sophie Corbin, Julie Chaimowitz and Jenna Inzetta all really showed their true counselor potential. The guys also did an excellent job with the 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> graders. The team consisted of Nick Fisher, Cameron Babula, Doug, Fisher, Dom Alfonzetti, Aaron Jackenthal, David Phenes, Adam Serenkin, Thomas VanCak, Ehtan Pearl, Justin Samuels and Louis Cosentino. While walking around I saw all of them actively

participating in the games with the campers while exhibiting awesome counselor skills. Not to forget the girls, Lily Gilston, Samantha

Gessner, Chelsea Vitale and Sarah Schornstein all were with girls 2<sup>nd</sup> and 3<sup>rd</sup> and were awesome with the groups as well. A few guys had the opportunity to test the waters as a specialist and Tyler Carty rocked skateboarding, Xavier O'Brien loved basketball, Alex Brengel loved hockey and in computers, Nick Fisher was the tech guy. As the week concluded, Chris Martinez and Irving Lopez found their niche in soccer as did Ronaldo Solano and Mike Tenenbaum in baseball and woodshop respectively. Sure we all love Fridays but we can't wait for week 3 to start on Monday!

- Elise, CIT/LIT Division Leader

## HAVING A FANTASTIC FUN TIME!

We are having such a great time at Fantastic Fun, it's fantastic! This week at Fantastic Fun we played kickball with a Danish twist! Once the kicker kicked the ball a player in the outfield caught the ball as the rest of the team lined up behind him/her. The teammates worked together to pass the ball to each other under and over their heads. This was one of our trickiest games of the

summer and the campers played like all-stars! The amount of sportsmanship and teamwork between the campers during the game was great! It really was fantastically fun!

- Jessica, Fantastic Fun

## B1C ROCKS OUT!

These past two weeks have been a blast working with the best group in camp, B1C. These campers are ready for

anything at anytime. You could say that the whole group loves the playground for their group time activity;

however, every camper has their own favorite thing to do. Dylan Belsky is extremely active and competitive whenever we go to GaGa. Justin Bryan knows we have basketball Monday morning so he's excited to make plenty of slam dunks. Ashwin Deodhar loves tennis all week and asks when the next time we go back is. Ketan Deodhar can't hide his smile at mini-golf, which is contagious to anyone who plays with him. Brendan Kasner looks like a chef in cooking, helping out his group and enjoying his domino brownie after it was done cooking. Joey Kloc says free swim is his favorite time we he can play around and have fun with his friends in the pool. Owen O'Donnell enjoys T-Ball a lot, where he can be seen helping his teammates get the win! Jacob Orlick is a good with tablets he loves to play the games on it too. DJ Pearce is an amazing scooter hockey player he can play any position. Benjamin Stoeckel loves to use his creativity in arts and crafts, where he painting skills just might make him the next Picasso. The first two weeks with this group has been amazing and we can't wait to see what the rest of summer has in store.

-Matt (Counselor) and Bobby (Junior Counselor)

## B1A Pokemon Catching All of Summer

The B1A Pokemon are starting off the summer in a flash! The boys are getting along very well and are already becoming great friends. Sean Aronson had a blast at the gaga courts and couldn't wait to get in. Carson Altman and Evan Taistra had an amazing time at baking where they made their cupcake ice cream cones to perfection. Ryan Austein looked like Michael Jordan over at the basketball courts where he made basket after basket. Matthew Bershada and Joshua Goldenfarb couldn't wait to hop in the pool each and every day, and both of their swimming skills are vastly improving. Konner Bollentin was like a spider monkey on the playground and he swung around with ease. Scott Cohen always has a huge smile on his face and is excited to participate no matter the activity. Zak Waters had an excellent time at arts and crafts where you could almost mistake his ice cream project for real ice cream! The boys of B1A are having an amazing summer so far and we can't wait to see what the rest of the summer has in store for them.

-Ryan (Counselor) and

Sam (Junior Counselor)

## 10 CAMPERS DIVIDED BY 2 COUNSELORS = 5 DAYS OF FUN!

The 2<sup>nd</sup> week of camp has been a great week for B1B. Starting the week off in Mad Science, Dean Kamel enjoyed painting helicopters on the pavement. Abraham Pearlman and Ethan Goldberger have had lots of fun at camp doing fun activities together like splashing around during free swim. Nicolas Caga is a true fearless kid who enjoys playing on the playground. Ty Hecht is very silly and he is a real monkey when he's climbing the monkey bars on the play ground. Joshua Hines and Aiden Erlich are true rivals in Gaga but show great sportsmanship to everyone. Logan Netzel is incredible at heads or tails and enjoys playing with anyone willing to face him. Matthew Bilmes is probably one of the best kids in the group and no one can catch him while playing freeze tag. Last but not least, we have Luca Bilodeau who loves hearing Adam's crazy stories about Lobsterman and enjoys running away from the crazy Lobster. The first two weeks of camp have been great for us and we hope we can keep playing these awesome games all summer long, while enjoying all the other special activities on the schedule.

- Adam (Counselor) and Austin (Junior Counselor)

## The G4A Meeping Minions

The G4A Meeping Minions had a fabulous 2<sup>nd</sup> week of camp! The girls had a great time bonding and growing their friendships in Division Leader time and at the overnight! They each had multiple activities that they enjoyed as well. Arianne Bilodeau had a blast with the scooters and skate boards in the skate park. Hannah Cadoff showed us all that she loved swimming, especially going down the water slide! Abby Diamond did an awesome job building a rocketship in tooth pick architecture. Leah Flanders was an awesome chef when she made ice cream cone cupcakes in baking. Sarah Masiuk was also a fantastic cook when she made oreo cupcakes. Everything was really delicious. Jessica Kenny showed off her athletic side and was a rockstar at gaga. Elyse Nadelman cooled off in the spray park and had the best time. Although it was super hot, Haylee Resnick showed off her amazing tennis skills. Gracie Rodriguez

learned all about invisible ink in science. Brooke Zevon showed off her creative side while she painted in ceramics. We can't wait to see what is in store for next week!

## ART ACADEMY: WEEK 2

Creativity is flowing at Eagle's Landing Art Academy! Campers are exploring Arts & Crafts intensively this week in the areas of Fashion Design, Textiles and Painting. For 4 days, the campers in Art Academy have an hour session with each Art Specialist, and acquire new skills with various mediums. Paige is the specialist guiding the campers through introductory fashion design and sketching. Jamie is working with the campers on re-purposing t-shirts and creating colorful floor rugs, and Marie is instructing the campers in modern painting techniques. The Eagle's Landing Art Academy artists are focusing intensely on Fine Art & Craft techniques, creating beautiful artwork, and having a blast!

*- Marie, Art Academy*

## WOODSHOP

Welcome to ELDC Woodshop 2014. We are super excited about the projects planned this year for our campers. Our goal is to help campers build something they can give as a gift, display, or use themselves. We plan projects that allow campers to use basic hand tools. Some design and lots of measuring, sawing and sanding make time in the shop fly by. Some of our projects will be collaborations with arts and crafts. Our campers enjoyed building games during week one. The second grade boys and girls created tic-tac-toe boards while our third grade campers made a mini Plinko. Fourth grade girls were very creative in drilling holes and cutting dowel for their ring toss game. The boys with Peter, our latest addition to woodshop, made a marble maze game. The older campers made penny soccer, corn hole, and the hottest game in camp fast-track. Ideas for project are always welcome. Here are two sites where you might get some projects: [www.runnerduck.com](http://www.runnerduck.com) or <http://ana-white.com>. Woodshop trivia, what is the favorite camper tool in the woodshop? The drill press.

*- David and Peter, Woodshop Coordinators*

*G6B is feeling Fabulous!*

G6B had a FABULOUS second week at ELDC with all their new friends. Caitlin Price started off the week by showing off her backhand in Tennis. Emma Heiser stole the crown when she won Queen of the Court with her skillful backhand. Gianna Calundruccio was determined to protect her goal during soccer; she worked hard as a defense player and was awesome at passing the ball to her teammates. Francesca Dinicola was a superstar tightrope walker at her elective High Elements. Laura Estilo had a blast learning how to draw a person at her Arts and Crafts specialty camp; it came out awesome! Mai Elshten was the bunk MVP because she was always volunteering to lend a hand this week, whether it be cleaning up the table after lunch or sharing with a fellow camper. Julia Calandruccio brightened everyone's day by coming up with catchy cheers to sing and motivate her fellow campers during soccer. Taylor Brown worked hard to earn her deep-water band, practicing her catch-ups during instructional swim. Jordan Dicker showed off her artistic excellence at the Eraser Art elective, where she drew a koala bear and dinosaur. Mary McAvoy showed off her spunky dance moves to "Happy" at her Hip Hop elective. Last but not least, Erin Imundo made a splash at Spray Park while she ran through the infamous frog! The girls are sad to see the second week end, but they can't wait for an even more jam packed third week at camp!

*-Celina (Counselor) and Janice (Junior Counselor)*

## The Boys of Summer

It has been an exciting 2 weeks at camp for the boys of B7A. We all had a great time riding every roller coaster possible at Great Adventure. At the arcade on our trip to Jenkinson's, Steven Kaplan and Jared Silva teamed up to get as many tickets as possible to earn prizes. Logan Nadleman enjoyed hitting home runs in tennis baseball. If you ask me, I think he was snubbed for the home run

derby! Dan McNicholas was overjoyed to find that there was a pasta bar added to the lunch menu! Last but not least, Jack Richards had a blast riding around at the skate park. He's getting better every time he goes and soon enough may be pulling off a few tricks! We can't wait until next week to see what other adventures are in store for us!

- Kevin (Counselor)

## G4B Pink Fluffy Unicorns

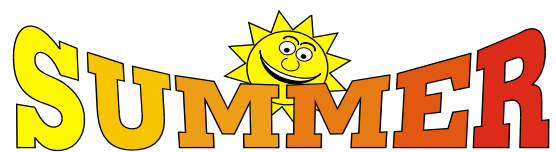

The Pink Fluffy Unicorns of G4B had a stellar week and started off camp with a great start! Carly Drobin painted a beautiful coil pot and loved creating her own master piece. Sabrina Friedman made amazing cupcakes in baking that had oreo cream filling. Jordan Siegel is the swimmer of the group and loves to swim.

Samantha Alter and Maya Goldschmit hung out all night at the overnight and loved having special time with their best friends. Annette Greenberg sang her heart out in Glee this week where she got to show off her singing skills. Macaria Pelofsky loves ropes whether it is going up the rock wall or having fun on the whale watch. Emma Reagan splashed around in the spray park with new and old friends. Haley Sawyer was a great help this week at Gaga. She helped establish the rules and teach them to campers who didn't know. She just loves to play Gaga. Rebekkah Taistra loves soccer. She just can't wait to get a ball at her feet and stop anyone from soaring on her team. The Pink Fluffy Unicorns are having a blast and are looking forward to all the new activities that have yet to come!

- Genna (Counselor) and Joely (Junior Counselor)

## G6A is Loving ELDC!

G6A is home to the most fun girls at camp! Some group highlights for us were the field trip to the beach and watching our counselors get cow pies to the face. We were so excited for Rilyn Szabo and Ashley Tsimberg to join us in the second week! We concluded from her success in the specialty Art Track that Rilyn is artistically talented. Ashley is having a great time socializing with other girls at her electives; especially during the "Two Truths and a Lie" icebreaker game. Jocelyne Solano loves to splash around and ride the slide while hanging with the 5/6 girls during free swim. Maya Benson had a sensational time during her elective at radio and learned about some technical equipment. Lauren Brengel soaked up the sun on the beach at Jenkinson's in Point Pleasant. Danielle Brenner had a wet and wild time running in the spray park with the other girls! Lauren Molter showed us all how she is a soccer superstar at the Soccer Track this week. Sarah Silver took over as champion this week in Ga-Ga; she showed up the 5th and 6th grade girls. Lauren Brennan had fun creating bubble stationary during her Arts and Crafts elective! We can't wait for more fun to come!

## FOOTBALL AND HOCKEY

Football the last week and half has been tons of fun here at Eagle's Landing! There's been a great amount of teamwork and plenty of touchdowns. The cooperation between campers and their counselor's to execute plays has been fantastic. Hockey has been terrific as well! So far we've covered the basics like how to hold the stick properly and how to move with possession of the puck. There has been a ton of passing and I love all the teamwork displayed by the campers so far. Let's keep having fun!

## 1st and 2nd Grade is off to a magical summer!

The 1st and 2nd graders are having a fantastic summer so far! Campers are making tons of new friends and having an awesome time with their counselors. The first graders are having a blast! They are adjusting well to camp and are active in all their activities. They are full of energy and loving camp. The second graders are loving their clubs! They get to choose from four different activities a week and they are enjoying their choices for each week. With this much excitement, we cannot wait to see what the rest of the summer will bring.

Just a friendly reminder to all parents to please pack two towels and two bathing suits everyday for both swims. If a child has a swim lesson, please pack another bathing suit for their lesson. We would appreciate if all campers could come to camp in a bathing suit with sun screen already on for instructional swim in the morning. Also, labeling all clothing will help reduce the amount of items lost. We so look forward to an AHH-MAY-ZING summer with all of you!

*- Jordan and Kelly, 1st and 2nd Grade Division Leaders*
