"The Summer of AHH-MAY-ZING"

Week 3

Our AHH-MAY-ZING summer continues...

Wow! What a fantastic 3rd week! The week started off a little damp but that didn't damper our spirits! It's so nice to walk around camp seeing all the smiling faces and hearing all the laughter. The campers are really having a great summer!

Monday of this week was **HOOLA HOOP** Day and the kids enjoyed all of the activities throughout the day. Who knew Hoola Hoop was so much fun!

Tuesday was **TYE-DYE** Day and it was so neat to see everyone's Tye-Dye shirts all around camp! The campers proudly wore their shirts!

Wednesday afternoon **Color War** broke and the kids went crazy with excitement. The camp was divided into 2 teams (The Blue Avengers and the Golden Justice League). For more details on Color War 2014, read the Special Events article in this issue.

Thursday was **TUG OF WAR** day and everyone had a blast tugging the ropes! We had some really great friendly competition!

Friday came by way too fast however, we loved seeing everyone's super awesome creations for **ALUMINUM FOIL ART** day! We've got a really creative group of campers here at ELDC!

Have a great weekend and we'll see you on Monday for another fantastic week!

SPECIAL EVENTS

This week's special day shocked and surprised campers with the break of color war. Campers gathered on the soccer field to record our camp dance to the song "Happy" and were caught off guard when the Captains and Generals ran out in a swirl of blue and gold color powder. Once the teams were set, color war took over and campers showed their skills playing soccer, climbing the rock wall, and participating in a bake off! They showed amazing team spirit and sportsmanship during every competition. Teams earned points from our secret judges throughout all 3 days. The competition was tied halfway through on Thursday. As teams came up to perform their song and cheer and show off their painting skills with their plaque, it was anyone's game. The counselors participated in the tug-o-war, trying to earn some points for their teams. The entire camp came together for the last event, the apache relay. Blue and gold went back and forth with the lead while participating in a series of events including a frozen t-shirt relay, a potato sack race, and a birthday song sing-off. The teams laid it all on the line and the winner was finally declared. Blue finished with 5,018 points, barely beating out the gold team's score of 4,889 points. Next week's special day is Around the World in 80 Degrees and should be a great time! Don't worry, Blast from the Past is still going to happen and is being moved to week 6.

LOTS OF LOVE IN G8A!

Despite being one of the oldest groups at Eagle's Landing Day Camp, G8A maintains a happy medium of silliness and fun. The amount of entertainment that flows through the group is extremely amusing to be around. All of our campers are enthusiastic and it shows in various ways. We enjoyed week 2 and 3 as we welcomed new campers, we especially looked forward to the Ice Skating and Silver Ball adventures. Our lively group has all sorts of characters that mesh well together. For example, Olivia Alexander is a marvelous storyteller, we love listening to her. Emily Alter is quite logical and profound; she often questions things in a thoughtful way. Rebecca Daitz can be counted on to help in nearly any situation, she is attentive and astute. Madelyn Farrell contributes witty and funny remarks. Kaley Fitzpatrick is comical and thoughtful in her words and actions. Gabrielle Knafelman is intelligent, and very wise for her age. Excelling not only in sports, but all sorts of activities that she partakes in, is Reina Perez. And lastly, Danielle Sawyer is animated and bright, she is very expressive! Overall, next week will surely be enjoyed by group G8A and we are grateful to be together!

ROCKETRY NEWSLETTER

Rocket Science has seen exponential growth since the days of Neil Armstrong and Buzz Aldrin, so much so that even children can create their own space odyssey. At Eagle's Landing Day Camp, Rocketry is an elective. It is open to boys and girls in 3rd grade and up. In this activity, instructed either by myself or David, campers participate in a variety of projects that all involve the same function – flight. From the customizable rocket “The Viking” to Aquapods, the children enjoy various experiences. Camper Cameron Meola loves his Viking rocket so much so that he has done various modifications to its fins. This mixture of imagination and scientific exploration create rockets that go sky high.

We incorporated video recording in our flights. A group of campers were the first to partake in this experiment. We attached a video recorder onto the rocket and the results were spectacular! The video showed the smoke from blast off, the spiral vortex from the fins and a slow descent after the parachute deployed. We all got a bird's eye view of Eagle's Landing without stepping off the ground. It's our intent to spark excitement and curiosity within the sciences with these hands on activities. Perhaps we have a future Galileo within our ranks!

-Peter and David, Woodshop Coordinators

7/8 DL

The summer of 2014 is in full swing and Upper Camp is living it up! With a diverse selection of electives and a myriad of choices for adventures, campers and counselors are brimming at the seams with excitement. Week 1, Upper Camp enjoyed the gravity defying roller coasters at Six Flags Great Adventure. Week 2, the campers and counselors sifted in and out of arcades and gift shops on Jenkinson's Boardwalk, while enjoying some salt water treats on the way. This week, Upper Camp is "chilling out and cooling down" at Jersey Shore Ice Skating Arena.

At camp, the campers have taken their competitive spirits to the tether ball and basketball courts. As for electives, the campers have immersed themselves in Nature expeditions, Sports skill competitions, Cow Pie bake offs and Arts and Crafts. In great ELDC spirits, counselors have valorously participated in these events only to be bested by their own campers! Upper Camp looks forward to the second half adventures of the summer.

- David and Sue, 7/8 Division Leaders

ARCHERY

The first three weeks have shot by. Archery is enjoyed by all the campers and they can't wait to pick up the bow and shoot some arrows. B6C IS SOARIN!

Our group has doubled in size since our last entry here and we couldn't be more excited to have met our new friends. In our new enlarged state, we have gone from dancing to distilled "Happy"ness with the rest of camp to fleeing a practical-typhoon to one of the great highlights of our summer: Color War! Color War is a camp wide celebration that not only fosters competition but also good spirit and sportsmanship. The teams were drawn through our group so we had some friendly, internal competition. Reflecting on our past week, here are some highlights of each camper's most notable contributions. Ari Greenberg came back from his Archery elective ecstatic; he had shot a bulls eye and received a pin in recognition. In his first week, Christopher Bavaro has taken flight; from Gaga to Minecraft he always puts in his all. Speaking of taking flight, Gregory Chernyavsky showed off his pilot's prowess this week by constructing a great model airplane that soared with the wind to the furthest end of the basketball court in our airplane competition. Joseph Haagen loves camp. From Computers to S.T.E.M., Joseph is most definitely a kid of the future! Also in his first week, Kunal Yeolekar enjoyed every activity on our schedule, especially S.T.E.M. and enthusiastically participated in everything we've done. Sikander Sorensen chose "atypical" activities this week, like musical theater so he could try new things and explore his horizons -- it's a testament to his growth here at camp. We are looking forward to more fun to come!

- Danny (Counselor) and Jeffrey (Junior Counselor)

MUSIC

The Music room has certainly been busy this summer! Campers have been exploring the musical ideas of different cultures from all around the world and our trip has been very rewarding so far! The FIFA World Cup got us excited to experience the music of Brazil as we played samba-style percussion alongside castanets, claves and Latin guitar. Campers have also delved into the drumming culture of Mali (West Africa) where we learned about the Djembe, drumming patterns and African customs.

The rising 2nd graders dove into "Clubs" head first as they started their first week of drumming activities! Campers looked at African, Jamaican and Indian drumming ideas and had a blast learning about other cultures. Rising ELDC vocalists have also been coming to the GLEE elective where they are learning how to use their voices in a way that is healthy and musical.

-Anthony, Music Coordinator

WHAT A GREAT 3RD WEEK!

Zach Lacerte loves to play Basketball and he's like the next Jordan. Jaden Hecht loves to hang out and swim. He can hold his breath longer than anyone. Tyler Sommer is a beast at Soccer and couldn't get enough of the World Cup. Brendon Kupsch loves to crack jokes and make the whole group laugh. Joshua Stein is so nice and everyone enjoys his kindness in the group. This is quite possibly the greatest group of kids that we have ever met and we are looking forward to the second half of the summer!

- Ethan (Counselor) and Andrew (Junior Counselor)

G5C had a great week!

Week 3 for G5C was so fun and exciting! We were SOOO surprised by the break of the much-anticipated Color War. On top of all of that, we also had our 5th and 6th grade overnight on Tuesday. We didn't let the rain stop us from having the time of our lives. Caitlyn Maruyama and Allison Richards loved using the Go Pro cameras in the Spray Park; they both helped capture special camp memories in the water. There was a Food Network style Bake Off that Karly McKenna of the gold team played a key role in over at the Bake Shop. Gianna Verderami absolutely loved swimming in the pool relay races for the blue team--she is one speedy swimmer! Shaina Garb looked dazzling in the dress her team made in the garbage bag fashion show. Courtney Herzberg helped the blue team out with her awesome soccer skills. Peyton Lollin was all smiles during the ice cream sundae party--extra whipped cream and sprinkles please! Jillian Mann tried cup-stacking during the color games; she cheered loudly for the blue team and kept spirits high. Brittany Newman led the group in a huge dance party at the overnight; she showed us how to groove to our favorite tunes. Jessica Samborsky really enjoyed doing the ski ropes game and whale watch challenge at Ropes. We always catch Mary Rose Salva doing acts of kindness for others; she is so helpful, especially with the younger campers at lunchtime. Overall it was a fun packed week and we are looking forward to week 4!

During the Color War kickball game, Lauren Melcer helped out with the gold team's victory! By the pool, Emma Goodman had a blast with the blue team's Yacht or Not success. Kate Goodman also showed her aquatic skills by helping the blue team during relays. Devin Hecht moves like Katniss Everdeen, showing her Archery skills during electives. Hannah Keenan had a blast playing Scattergories with her friends during the overnight. Finally, best buds Isabella Newman and Julia Perez had a great old fashioned time hanging out together and sharing stories on our overnight. We can't wait for next week!

- Christina (Counselor) and Blake (Junior Counselor)

A GREEEAATTTT TIME!

B6B is having a GREAT time at camp! As of this week, everyone has settled into the camp routine. Kendall Fields loves Foosball and Ping Pong and beat me at both on multiple occasions. On Tuesday, we played Kickball and Brandon Heyman and Brendan Reiss excelled in the field. While at Ropes, Jonah Altmann made walking across the suspended log look easy. Aidan Puchalik had a blast racing through the levels of the games at Computers. During Archery, Kevin Ernst and Zachary Reagan really improved; soon they will be hitting bulls eyes with each and every arrow! Joel Simon exemplified the character of B6B through an awesome act of kindness during his Tennis elective. Good deeds do not go unnoticed at Eagle's Landing! He generously allowed another camper to re-enter the game of King of the Court in his place. We have such a great group of boys and are having a great summer!

- Sagie (Counselor)

Arts & Crafts

Amazing creativity is happening in Arts & Crafts at Eagle's Landing! The 1st grade girls and boys are really excited about their aliens, butterflies and ice cream sundaes. They were made out of styrofoam, glue and glitter. 2nd grade girls and boys had a great time making Tic Tac Toe games with painted stones and boards. 3rd grade boys have been having a blast designing race cars and learning how to create Star Wars characters like Yoda and Darth Vader with origami. 3rd grade girls are enjoying origami as well, creating decorative lanterns. It's all about fashion design this week with 4th and 5th grade girls, designing outfits and creating purses.

All of the Arts & Crafts electives have been busy creating awesome projects such as jewelry, sewing, knitting and the classic camp favorite: tie-dye! Stay tuned for more AHH-MAY-ZING creativity coming soon from Arts & Crafts at Eagle's Landing!

AN EXCITING WEEK!

G3B had an exciting 3rd week of camp. Ava Verderami got to experience what its like to climb up the Rock Wall and zip down the Zipline, just like in the ELDC song! Riley Sobolewski was happy about singing "It's a Hard Knock Life" at Drama. Kaylin Matthews had a blast learning the choreography and incorporating some of her own dance moves at Dance! Maya Salzberg got the change to feel like a famous movie star as she was interviewed by ELDC Radio. Eliana Fass was a star at Tennis, consistently hitting the balls over the net every time. Alexis Bershada loved playing Gaga and even got some of the counselors out! Ella O'Donnell did not let the rain get in the way of her favorite activity, Free Swim and had a fabulous time swimming under water. Free Swim ended abruptly on Tuesday when Color War broke! Sarah Hogan was very happy to dance to "Happy" with the rest of camp! We can't wait to see what other surprises the next few weeks bring!

SPORTS

We are starting the summer with a kickoff, a bulls eye and a home run. The sports staff are both energized and excited to play games this summer. We have Casey "All Sport" who can be seen playing Scooter games, Football or Hockey with groups. You can play Soccer with Ashley "Soka" and the campers love playing World Cup. Who's on the Basketball court? Brittany "What Up Brittany." She's got the skills and the campers learn a lot with her. Knock out anyone?

Nick "GI Joe" has fun playing Tennis Baseball, T-Ball and Baseball with all the groups. Where can you find Evan "Sharp"? Either helping campers in Archery or guiding the Mountain Bike elective. Pam and Glen "The Tennis Duo" know how to make Tennis fun! Both teach the important skills and love to play games with the campers. King or Queen of the Court anyone? Skateboarding wouldn't be the same without Jordan "Model Scooters." All campers have so much fun on the scooters, long boards and skate boards. "Fantastic Fun" is a perfect name for Jessica! She always has a smile on her face as she plays games to teach gross motor skills to our younger campers. Last but not least, Abby "Sports" is an all around girl who you can find playing Scooter games, Basketball, Soccer or Lacrosse. Try to get a goal on her! More fun sports coming your way as the summer continues.

5/6 DL

What an AHH-MAY-ZING 3 weeks of camp! There have been so many great memories made so far and we can wait for the rest of the summer! Color War broke this week and we had great team work during the Trolley Run, Ultimate Frisbee and DDR. It has been incredible to see blue and gold everywhere! The 5th and 6th graders have had some great electives too. Campers were building Aquapods (water rockets), coding video games in Computers, shooting bulls eyes in Archery and creating patterns with henna in Arts and Crafts. The Bake Shop and Cooking were busy with delicious recipes too! Both the boys and girls had a blast at their overnights and we are looking forward to some more time around the fire. We are just so excited for what the rest of the summer has to offer!

Skate Park

In the Skate Park, we teach the kids the basics of Skateboarding, how to stand properly on the board and how to kick and push. We tell the kids balance is the key to riding. When riding a skateboard, kids must wear the proper gear: helmet, elbow pads and knee pads. The kids love trying out all the cool things we have at the Skate Park including the rip sticks and scooters. Roll on over to the Skate Park, we're having a blast this summer!

This 3rd week of camp has been absolutely AHH-MAY-ZING for G5B! Having the overnight this week made it even more fun! Allison Pepitone showed off her rad dance moves. We played a few games and Riley Kornblum had some AHH-MAY-ZING answers. Another thing that has made this week even better was COLOR WAR! Allison Hahn got into the yacht for the gold team and stayed afloat for 8.2 seconds! Taylor Powell contributed her great ideas to keep the yacht up! Celia Schmeidler made delicious cinnamon bites in Baking. Sydney Eber enjoyed making her bolted bracelets! This has been a super eventful week for the girls of G5B and we can't wait for week 4!
