An AHH-MAY-ZING start to the 2nd session!

Wow! I can hardly believe I'm sitting here writing the 5th newsletter of the summer. Time really flies when you're having fun! Week 5 kicked off the 2nd session and it was an absolutely AHH-MAY-ZING week!

Monday was **Dance by the Pool Day**. The morning was cloudy and we weren't sure the weather would hold out, but that didn't stop our talented campers from dancing up a storm by the pool!

Tuesday was our **ELDC vs. COUNTRY ROADS SWIM MEET** and our ELDC campers were AHH-MAY-ZING in the pool. They showed AHH-MAY-ZING sportsmanship and ELDC pride...and let's not forget their AHH-MAY-ZING swimming skills! We are very proud of our swim team!

Wednesday was our special day, **H₂Oasis!** The campers LOVED the awesome blow up FLOAT in the pool and had so much fun with all the water activities!

Thursday was **Bus Bonanza** and word around camp is that the kids really had a lot of fun decorating their buses. Congratulations to Bus 12 whose Cookie Monster design took the win!

Friday was **HILARIOUS HAT DAY** and we saw some really creative hats! We've got some really creative kids here at ELDC! Have a great weekend!

SPECIAL EVENTS

This week's special day was **H₂OASIS!** Campers had tons of fun with the water as they went through the day's activities. Everyone was surprised when a fire truck started off the day with a shower from its hose! Campers participated in a variety of wet relays such as bucket brigade, wringing the towel, and fill the bottle.

The highlight of the day was the Lava Twist Water Slide which thrilled campers and staff! Many of the groups played Wet n' Wild Tennis Baseball, a twist on an old favorite here at Eagle's Landing. Our younger campers loved the car wash activity and were singing as they washed cars. In Arts and Crafts, campers made watermelon people and everyone had a smile on their face. All of the campers had a chance to go on the awesome float we had in the pool during Free Swim. Everyone had a great time...there was not a dry spot on camp! Next week's special day is **Blast From the Past** which is replacing Soarin' Sammy's Spooky Spectacular. When Color War broke during week 3, we didn't get to travel back in time...so we're really looking forward to going back next week!

Week 5 was AWESOME!

G8A can't believe that another week is gone but is excited to continue playing Newcomb and Gaga and laugh at each others antics. Last week we enjoyed the Beast, which is a speedboat ride in the New York harbor and cooled down at the Sandy Hook beach on Friday. This week, we had a blast at Sahara Sam's and Mini Golf! It's bittersweet that we are already more than half way through camp, however we plan on enjoying the rest of our time to the fullest. As the weeks progress it seems that the girls are becoming more excited to participate in Kickball and Tennis and their skills are improving. It's really neat to see and be a part of the enthusiasm in G8A. The fun will continue as we welcome back Olivia Alexander. Mackenzie Amberg scored AHH-MAY-ZING goals in Lacrosse. Rebecca Daitz really enjoyed Mini Golf. Kaley Fitzpatrick always entertains the group with silly and funny comments. Reina Perez is always a good sport along with Danielle Sawyer who is a Gaga expert. Together they have great teamwork! We happily welcomed Nina Suss to our group and she has been kind and sweet to everyone. Emily Alter is great to talk to and she works diligently in Woodshop. Overall, week 5 was a jam packed week and there were lots of smiles and laughter all around!

-Frannie (Counselor)

Cooling off in Computers!

This week in Computers, campers in the Gamestar Mechanic elective learned about game design principles through fun and interactive quests. After completing the introductory levels, campers played games created by people from around the world and they were able to make their own as well. As for those who enjoy a world of blocks, many campers chose to play with their friends on our MinecraftEdu servers. Younger campers cooled down from the heat while playing a ton of apps on our Samsung Galaxy tablets. We've been having a great time here in the Nest and many campers are reluctant to leave when it's time for their next activity!

-*Esther, Computer Coordinator*

GKA had a spectacular week!

Wow! We can't believe that week 5 has already come to an end. We are having the best time with our girls! Ciara Van Ness enjoyed playing Tennis and did an AHH-MAY-ZING job. She is practicing and ready for her match in the U.S.

Kallie O'Donnell has been practicing the show dance and learned it perfectly! She loves to show everyone in camp what she learned. We're all very excited to see what else these girls do in the next few weeks of camp.

Last week, we welcomed our friend, Taegy Yi! Her giggles while running through the Spray Park were contagious! With the stereo blaring, Madelyn Binaco and Sydney Brown are natural dancers, shaking their hips along to the music! The Food Network better watch out because Gabrielle Lea has been showing off her skills in the kitchen; icing and decorating may just be her calling! ONE BIG HAPPY FAMILY!

B6A has grown tremendously as a group over the past few weeks. Each camper offers his own unique qualities that make us the great group we've become. The manners in this group are among no other. We hold each and every one of them to a high standard and they have certainly stepped up to the plate. This week was

highlighted by the swim meet where both Zachary Lacerte and Jeremy Oliver were in multiple races. Jaden Hecht tallied multiple Gaga wins and even made some huge shots in a Basketball scrimmage. Brendon Kupsch

is a standout Tennis player of all things; winning King of the Court on multiple occasions. Michael Mendoza is an all sport athlete willing to show his talents across the board. A note from Kiddie Kingdom's Division Leaders

The summer of 2014 in Kiddie Kingdom has been a blast so far! We can't believe it is week 5 but we have so many fun things ahead for us! Last week for DL time, we went exploring on a nature hike. We saw some cool trees and even a frog and a rabbit! This week with our campers we really enjoyed H₂Oasis. We went swimming in the pool and ran through the fire hose from the fire truck. Our campers have also been practicing everyday for their big show "Sunshine and Friends" which will be performed during week 7 of camp. They are so excited to show all of their family and friends their awesome dance moves. We can't wait for the fun days ahead and we are really excited to see you all at the show!

- Heather and Rachelle, Kiddie Kingdom Division Leaders

BoCeizes—The—Day

In our 5th week here at camp, we have grown tremendously..in numbers, age and spirit. The most notable testament to our groups holistic growth is Joseph Haagen and Aditya Kumar's passage of the treacherous "deep-water-test." Despite feeling intimidated by the test, the two encouraged each other to take the test together! In Gaga, Ari Greenberg embodied the virtues of a "good sport" by playing courteously, accepting victory and defeat with equal humility and encouraging his fellow teammates sincerely. Greg Chernyavsky also emulated the groups collective maturation. From Science to Soccer, Greg always manages to succeed in the daunting face of the unfamiliar. Christopher Bavaro has rejoined us revitalized and ready to impart his worldliness to the group. Whether it be serving up a Latin-flared fútbol-kick or bringing Mexican dance to "Dance by the Pool Day," Chris has managed to bring his exotic expertise to the group. In only two short weeks, Liam Barlow has acclimated completely to the Eagle's Landing lifestyle. He thoroughly enjoys the activities while showing off that signature, missing-tooth smile. Our newest member, Kirtitej Grandham, has added an unrivaled optimism towards the activities of the day. We hope to continue developing further with the group as they sky-rocket further towards excellence all while having fun!

- Brittany, Basketball Instructor

Jonah Altmann took some awesome pictures around camp during the Digital Photography elective. Logan Weiss had a blast playing Minecraft at Computers. B6B represented in the swim meet with Joel Simon, Kevin Ernst and Brendan Reiss! They made us proud! Aidan Puchalik loved Gamestar Mechanics, a computer game which he raced through in record time! Zachary Regen is B6B's Gaga champion. Brandon Heyman is the scooter master. He won a race around the Skate Park against 4 other campers! Connor Bassi definitely performed while at Basketball, scoring basket after basket during knockout. B6B had another super fun week and is looking forward to more fun times ahead.

The girls of G5B AHH-MAZE everyone!

Week 5 already and the girls from G5B AHH-MAZE everyone! This week Celia Schmeidler made a "Queen of Cupcake" bleach t-shirt. Sydney Eber and Allison Pepitone made it up the Rock Wall and flew down the Zip Line. Allison Hahn mastered the rip stick while at her favorite elective, Skate Park. During Nature, Riley Kornblum made a bird call as well as got Fluffy the bunny to sit on her lap. During another great elective, Newcomb, Sabrina Portnoy got to wear a GoPro camera on her head. Gabriella Gaskell made a picture stand out of popsicle sticks and painted pictures with water colors to put on it. Our special day this week was H₂Oasis! After being rained on by the fire hose, Alexa Truesdale helped her team score in Wet n' Wild Tennis Baseball. Taylor Powell flew down the giant blow up water slide and made a huge splash. The summer is more than half over, but I know that G5B will make it an unforgettable second half.

G5C HAD A BLAST OF A 5TH WEEK!

It's hard to believe that the 5th week of camp is already over. The girls of G5C have been having a blast! Caitlyn Maruyama and Jessica Samborsky had a rockin' time at our special day this week, H₂Oasis. Jillian Mann made a tasty orange slushie in Cooking. Shaina Garb swam her way to the finish line in this week's swim meet against Country Roads. Brooke Amberg hit tons of home runs in Baseball. Courtney Herzberg baked up a storm making delicious pretzels in Baking. Mary Rose Salva made a beautiful duct tape purse in Arts and Crafts and Gianna Verderami made a gorgeous leather purse! So many accessories, so little time. Allison Richards made her mark in the Gaga pit and showed off her skills. Peyton Lollin made a splash in the pools swimming with a smile. Brittany Newman made a bleach stencil shirt that showed her love for dance! We're sad this week is over, but we're looking forward to week 6!

AQUATICS

This summer is going swimmingly for us at the pools! From Instructional Swim to Free Swim and the Spray Park to special days, we feel that every day should be considered water day!

Kiddie Kingdom has been working hard on a number of their skills in Instructional Swim, whether it's some starfish floats or rocket ships with ice cream scoops. 1st Grade has not only been practicing skills on their own but they've also begun working their way up to the deep end of the big pools! 2nd Grade loves the slide but we are also spending a lot of time working on swimming longer distances all by themselves with some fantastic arm and leg strokes. 3rd-6th Grade have not only been

quickly working their way through the strokes but they are also learning those turns and survival skills. Upper Camp is rocking out in their swim electives, whether it's Guardstart (learning some lifeguard skills), Pool Sports, or WSI Aid (helping out with our littler campers in Instructional Swim).

Free Swim is pretty much a school of fish! The campers love going down the slides or playing basketball at the big pools. Sometimes we can even see some of them practicing their strokes! During Color War, the kids got the chance to show their team spirit and win some points in the pool with relays (wacky and normal) and diving for rings. Monday of this week was Dance by the Pool Day and the campers were moving and grooving both in and out of the pool. The Spray Park is always a favorite, whether it is running through the frog mister, waiting under the buckets to see which one will flip or hiding under the mushroom.

This week, the ELDC swim team took on Country Roads Day Camp in a swim meet for the ages. The Eagle's Landing team did a fabulous job and everyone who participated took home a medal for their great work! Wednesday was H₂Oasis (aka water day and our favorite day of camp!) The entire camp was converted into an aquatic oasis of activities, but at the pool, we still stayed on top with a super awesome floating obstacle course! Campers 1st grade and up had the chance to battle their way past a wizard and a dragon, weave through some giant mushrooms and conquer the palm tree at the end! Keep on Swimming!

Stephen Henits goes into Cooking with a smile and is always willing to try new things. Andrew Rubenstein loves to go to Nature and meet all of the animals at Eagle's Landing. Sanjay Pooran always has an awesome time at Mad Science and is very interested in all of the experiments. Jonah Fass always comes to camp with a huge smile on his face and loves all of the activities planned at Fantastic Fun! Jaylen Richard uses extreme precision at Arts and Crafts in order to create AHH-MAY-ZING masterpieces!
