Volume 3

"Summer of SUN-sational"

Week 1

"Kicking off the SUN-sational Summer!"

The summer is off to a SUN-sational start at Eagle's Landing Day Camp! Camp was buzzing with excitement as campers arrived on Monday ready to kick off another great summer of exciting activities. We are thrilled to have so many returning campers and to welcome all the new faces this year! It was awesome to see campers reunited with their friends and how easy it was for our new friends to join in with those groups. There was so much for our campers to do and see, it truly made for a great start to a SUN-sational summer.

Campers got to express themselves with their individual artistic flair on **Tattoo Tuesday**. From zany to cool, everyone got into the act and they showed off their designs all day.

BAM! POW! ZAP! Campers and counselors alike channeled their inner SUPERHERO as camp went **Up Up and Away** on Wednesday on our first Special Day of summer! Campers were kept busy all day long perfecting their super-powers with high energy activities from superhero matching to racing through obstacle courses to chasing villains. Check out the Special Events sections for more details on all the **SUPER** activities.

Thursday we celebrated Independence Day and it was awesome seeing everyone in their patriotic Red, White and Blue gear. What a great way to get a jump start on celebrating our country's birthday.

The first week of camp may have been short, but was sweet as everyone got back into camp life. Everyone had a SUN-sational time and we look forward to many more weeks of camp fun! Remember that Monday is Picture Day! Campers will receive their shirts that day and photo orders can be placed on-line once they are available. We look forward to seeing campers again next week and want to wish our Eagle's Landing families a Happy 4th of July!

~ Julia (E)ditor in Chief)

SPECIAL EVENTS

This week's Special Day was Up, Up and Away Day and we celebrated our inner superhero! Campers were involved in activities that were all based on our favorite superheroes!

Older campers did relays such as Hero Training to practice their super skills and the Kryptonite Disposer Race where they had to maneuver the field without touching the poisonous kryptonite.

The younger campers fine-tuned their aim in Target Practice and got to strut their stuff in the Superhero Photo-shoot. In Arts and Crafts, campers were able to decorate their own capes and create their own superhero symbols. Each group also got the chance to tie up villains and diffuse the bombs! Up, Up and Away Day was an awesome way to kick off the summer! Next week's special day is Magical Mystery Day. Start practicing your magic!

As the weeks progress, we will learn even more amazing things that we will be able to do on the computers, including making our own programs, designing beautiful pictures and much, much more. Of course, sometimes we'll just have a great time playing all the cool games! Something for everyone at Computers--we hope to see you here!

MAD SCIENCE

Things are taking off with a bang in Mad Science! We opened the summer by learning about seismic forces inside the Earth and erupted our own mini volcanoes at Spring into Summer. This led campers to ask questions and think about the facts behind chemical reactions.

Mad Science is as much about fun as it is about learning, so we've been mixing up everyone's favorite recipe: slime!!! In electives we examined how electricity is generated in batteries and then created an electric current using the power of lemons! Our Kiddie Kingdom scientists made predictions about mixing colors and talked about how all humans are natural scientists. Keep on exploring!

G3B HAD A WONDERFUL WEEK

G3B, otherwise known as the Flying Noodles, had a fantastic first week at Eagle's Landing. Ava Masiuk and Jessica Zevon had a great time during Spray Park as they ran through the frog and got their counselor Emily all wet. Maya Sampson was very outgoing and made some awesome new friends inside and outside the group.

As the week went on, Heather Handeland showed off her skills in Arts and Crafts making lanyards, as did Sierra Franz while she painted a beautiful picture. Avery Lipton showed off her amazing swimming skills during Instructional Swim and Kayla Resnick had a blast going down the water slide. We are looking forward to the rest of a fantastic summer at Eagle's Landing.

SUMMER IS SIZZLIN' FOR G8B

The girls in G8B had a blast their first week of summer!! We started the week of strong with a ton of name games to get to know the new girls of the group, Ratika Anthony and Jacqueline Francis. Then on Wednesday Stephanie Atzingen and Stefanie Goldstein had the best time ever on our first trip to Hurricane Harbor! Talia Gold and Anaya Crenshaw were smiling and laughing all day long while having fun in the sun.

Thursday was the best day of all because we played Ga-Ga for the first time in forever. Allison McNicholas and the other girls were super excited to dress in red, white, and blue for America's birthday this weekend! The girls cannot stop talking about next week's adventures that we have in store for them. This summer is going to be Sun-sational!!!!
