Volume 3

"Summer of SUN-sational"

Week 8

## Still having Fun in the Late Summer Sun...

It's hard to believe we've completed another summer! It seems like only yesterday when the buses were rolling in for the first day of camp. Some campers were a bit unsure on the first day but we knew they would soon be making new friends, learning new skills, trying new challenges and building self-esteem. In short, they would have a SUN-sational summer at ELDC! We've been working in camping a long time (this was Barry's 26th year as a Camp Director), yet we still marvel at the changes we see during the summer. People ask us all the time if we still love camp after all these years. The answer is a resounding YES! We love it all! From winter planning meetings, to spring camp spruce up, from Crazy Hair Day to the Camp Shows, Color War, Carnival and more! Most of all, we love our campers and staff. It's the changes we see that truly amaze us. It's not just the physical changes of a lost tooth or a new haircut, but the emotional changes as well. A camper who came off the bus timidly during the first week now flies off the bus when they see the face of their counselor or new friends. A Kiddie Kingdom camper who was fearful of the water at the beginning of summer now proudly kicks their way across the pool.

We've also enjoyed watching our staff, both new and returning, join together this season to help children grow. We see a professionalism in a Division Leader who takes the time to make a child feel comfortable and in the broad smile of a counselor or specialist proudly watching their camper tackle a new challenge.

We have a confession to make; We're sorry when the summer ends because we miss all of you during the year! So please visit us on our website and e-mail us to let us know what's happening in your lives. Send us pictures during the school year in your ELDC clothes and we'll post it on our Facebook page and don't forget to tag us on Instagram and Twitter @eagleslandingdaycamp. The winter can be mighty lonely without you and we look forward to the memories we still have to have to make. We wish each and every one of our staff and campers a wonderful year and can't wait to see you in 2016!

**Don't forget to join us for our September Smash on September 27 from 11-3. Stop by to say hello and bring a friend. We'd love to introduce them to our Eagle's Landing family!**

~ Ruth Ann and Barry, Camp Directors

## SPECIAL EVENTS

The summer passed quickly and our Drama Show Program is now complete. I am so proud of every camper. From our youngest babies to our oldest stars, everyone gave their all in their shows and made their parents proud!

Wednesday of Week 7 was our Lower Camp shows. We had such a wonderfully supportive audience full of family and friends and the kids of Kiddie Kingdom and 1st and 2nd grade rocked it!

On Wednesday of this Week Upper Camp performed their shows, "An Enchanted Evening" and "Seussical Jr." The cast and crew were phenomenal!

The campers exceeded all of our expectations and everything came together for their final performance! We are beyond excited for next summer and we can not wait to be back with the kids next year!

~ Devin, Drama Coordinator

## Until Next Year...

And now the time has come when  
we must say goodbye  
We hope we taught your children how to  
laugh and not be shy  
Our productions this year came and went so fast,  
But we made memories that will always last.  
From Enchanted Evening to our Seussical show,  
We're very proud of your kids, but they already know.  
Kiddie Kingdom partied, and we danced with ½.  
We are so excited for next year  
so we could do something new!  
Enjoy the rest of your summer and have fun in school;  
Sign up for Drama Show 'cause that would be cool!

~ Devin, Drama Coordinator

## CIT BOYS

Unfortunately, camp has come and gone but my CIT boys have each left a unique mark on Eagle's Landing! Adam Vetser blew minds at S.T.E.M.; he only ever left to work on his basketball skills during Free Time. We missed Cameron Babula the past few weeks but he got right back in the swing of things with his peers and his group, B1C. Ethan Pearl rocked it at the Rock Wall, he was always a help and quickly learned all of the ropes techniques. Scott Tilbor enjoyed his time with his previous group but managed to impress us all with his intensive skills at Basketball.

Although his arm is in a sling, David Phenes kept up with his boys and had a great final week with them. Alex Brengel did amazing work with his kids - letting everything be all fun and games without it getting out of control. Harrison Cohen and Ryan Descoteau are inseparable friends who brought energy to their respective groups and had fun whenever the groups did activities like Archery and Swim together. Simon Montes De Oca always kept it entertaining being not only a great friend to all the CIT boys but also being great at Woodshop with Dave; he did the projects with ease and worked well with kids of all ages.

It's hard to believe the 8 weeks of our SUN-sation-al summer are over but I already can't wait for next year!

## Closing Out a SUN-Sational Summer at ELDC

It's hard to believe that eight weeks have passed and another summer has drawn to a close. Now we can look back on all of the fantastic memories that we have made together here at camp. Our fifth and sixth graders did an amazing job running their booths during the Carnival last week. They also took advantage of the opportunity to play some games and enjoy some carnival snacks. Several of our campers worked hard all summer to prepare for the Drama show. They did an amazing job performing in Suessical Jr.!

A major highlight of the summer for our sixth graders has been the trips program. Sandy Hook was a great way to beat the heat during week 6. Many of our campers spent most of the afternoon in the water splashing around in the surf. Last week's rafting trip was also a great success. It was a beautiful day and spending time on the river was a great way to stay cool.

This summer, the boys in the participated in our Leagues program. It gave them a chance to compete in several different events through out the summer. Some popular activities were Frisbee Golf, Wall Ball, and Soccer. It was great to see boys displaying good sportsmanship and supporting their teammates. Everyone gave there best effort and enjoyed the opportunity to compete.

The girls did an amazing job completeing their scrap books this summer. These will be an incredible keepsake to hold on to for years to come. It gave everyone time to relax and put together an amazing craft project. It is fun to look back at the pictures of the wonderful memeories that we made here at camp.

This summer flew by and we can't believe that it's over! Of course we will miss all of the new friends that we made this summer. We can't wait to come back and do it all again next year!

~Todd and Robyn  
Fifth and Sixth Grade Division Leaders

## Summer Days Spent with the Great Guys of B7A

The end of summer is always bittersweet: great memories were made, but another 8 weeks have been spent in their entirety. B7A's final weeks were marked by fun and farewells. Jonah Altmann brought unmatched enthusiasm to Bus Bonanza as he tried to garner votes for the Hollywood Bus. Kendall Fields loved cooling off in the pool during the hot days.

Joel Simon and I spent quality time together reminiscing while tubing down the Delaware. Jack Yatsko demonstrated his aptitude for problem solving during the Crime Scene Investigation elective. Dominic Dipierro raced through level after level of Sonic at Computers. Brandon Heyman was a pro during Newcomb and caught ball after ball with one hand. Brendan Reiss excelled during Ga-Ga and made B7A proud. Aidan Puckalik assembled an awesome plane which made other campers jealous. Gregory Chernyavsky dominated in Knockout and asserted our group's athletic capability.

I am so grateful to have worked with the same great group for a second year. I wish the members of B7A the best of luck in school and I look forward to seeing everybody next year!

## TOOLS N TECH

We have tackled the large items these last few weeks in Tools and Tech. During Week 8 we opened a printer and the campers enjoyed disassembling the entire thing. Campers also got to see the difference of the inside of a flat screen tv and an old box tv. We finished our summer strong with lessons on coding and learned how a laptop is assembled. I hope the campers have enjoyed the Tools N Tech Electrive this year as much as I did. Have a great summer and we look forward to some great new projects to expand your technical background even further!

## A Great Way to End the Year with B7C

Even with only three campers to end the year, B7C had a fantastic last week! As a group we went to Archery and were shooting arrows like pros. Taj, Chris, and Joey all hit balloons (a very difficult showing of Archery skill). We also continued our Soccer league where Joey and Chris made the playoffs. Finally during the hot day schedule, the boys hung out in the pool. All in all it was both a great week and a great year! We are all very excited for the Mystery Trip and I am extremely happy to have called these boys my campers.

## B5C Finishes Summer on an Amazing Note

I can't believe that my summer with B5C is over! Everyone had a great time and I hope to see them all again next year. Anthony Montoya dominated our Recreation Creation game and loved to make bubbles in S.T.E.M.! Michael Lopes enjoyed making a bracelet that lights up when exposed to sunlight and experimenting with Diet Coke and Mentos in Mad Science. Nico Tricoles loves to go on the Zip Line and trying new things. Kyle Sampson also like to try a wide variety of activities. His favorites are playing Ga-Ga and spending time in Computers. One of my favorite parts of camp has been having Josh Francis and his continued rivalry with me in Ping Pong. This has been one of the most fantastic summers we've had at ELDC and I cannot wait to share more great time with the guys next summer.
