"Summer to Inspire"

Week 1

Kicking off an Inspirational Summer!*

The summer is off to an inspirational start at Eagle's Landing Day Camp! Camp was buzzing with excitement as campers arrived on Monday ready to kick off another great summer of exciting activities. We are thrilled to have so many returning campers and to welcome all the new faces this year! It was awesome to see campers reunited with their friends and how easy it was for our new friends to join in with those groups. There was so much for our campers to do and see, it truly made for a great start to an inspirational summer.

This week was the beginning of our Tribal competitions and everyone found out what tribe they are on! All four tribes, the blue Eldings, the yellow Ladings, the green Delcans and the red Camdels, showed off their tribal pride. The chiefs who will lead the tribes are Brooke Shepetin, Bobby Kokal, Rachel Szachara and Mark Brum. Each grade participated in an activity to earn points for their team. Fourth grade played Whales Tails, Kiddie Kingdom played Simon Sez and the LITs played Ultimate Frisbee. Each week there will be a new tribal winner. This week the **LADINGS** were victorious. Congratulations to all Lading tribe members! Campers will continue to compete each week in tribal competitions.

Campers got to express themselves with their individual artistic flair on Bunk Poster day. From zany to cool, bunks are decorated in posters with campers individual personalities.

Disney Day was MAGICAL! Campers came dressed from head to toe in Disney gear. That's not all ... Mickey and Minnie made a surprise appearance. Check out the Special Events sections for more details on all the Fantastic activities.

Thursday everyone smiled bright for picture day because everyone is having so much fun and because they were excited for their NEW blue Soarin' Sammy Eagles Landing t-shirts.

The first week of camp sure went fast! Everyone had an inspirational time in their happy place! We look forward to seeing campers again next week and want to wish our Eagle's Landing families a Happy 4th of July!

SPECIAL EVENTS

This week's Special Day was Disney Day! After being a calendar day last summer, Disney Day was a long awaited Special Day. Campers and staff dressed up as their favorite Disney characters and camp was decked out with Disney music and decorations. Kiddie Kingdom did activities based on their favorite Disney Junior shows, such as Jake and the Neverland Pirates Treasure Hunt where they found buried treasure on the volleyball court, Doc McStuffins' Vet Clinic where the campers played a life-size version of Operation and Sheriff Callie's Great Bandit Round-Up where the campers worked together to catch the bandit. First through fifth grade played games based on their favorite Disney movies and even made The Grey Stuff from Beauty and the Beast! First and second grade played Zookeeper where the campers pretended to be their favorite animals from The Lion King, made Home bubble ships in Mad Science to help Boo find his way home and played Freeze and Melt tag like in Frozen where campers had ice powers. Third through fifth grade were contestants in a Disney Game Show, tried out their engineering skills by perfecting Baymax's armor and played Whales Tails where campers could speak like a whale like Dory! All in all, Disney Day was the perfect start to the summer. Next week's Special Day is Winter Wonderland, where we will be bringing in a surprise show!

COMPUTERS!

The first week of camp has begun and the campers have easily acclimated to the activities that are available in Computers. Week 1 featured "Games, Games, Games" which encouraged the campers to play and enjoy appropriate games available to them. Classics such as Angry Birds and Diner Dash remain popular, but the new game "Slither.io" has taken over. A game simple in its mechanics, become the biggest snake, has grabbed the interest of many kids as it's easy to play and fun graphics are very enticing. Some kids have begun to embark on next week's feature game, Minecraft.

~Mason, Computers Coordinator

CREATIVE DRAMATICS

We are so excited that summer is finally here and camp has started! Our focus this week is all about introductions to each other and to being an actor. Campers explored how actors use both their voices and bodies to tell a story. We got up and moving, playing pantomiming games. We also talked about how we create a positive space where each actor is comfortable and able to express their silliness and creativity. Next week: fun with props!

Robert Alongi was eager to climb over the hump on the Rock Wall, and enjoyed pool basketball with the other boys. Liam Barlow has endless amounts of energy as he bounced from activity to activity, especially during Kickball where he scored two inside the park home runs! Kevin Ernst had an amazing time playing Basketball, showing great skills during Knockout. Jaden Hecht had a great time with his friends going from Swim to Kickball. Tyler Hoffman went down to the Archery Range, doing a great job having his arrows hit the target. Jeremy Oliver showed off his skills in flag football, going up and down the field with ease! Zach Lacerte had a great session at Archery hitting TWO bullseyes! Rhys Vella displayed amazing skill on the soccer field this week by scoring many goals. Justin Levas always brings energy into every activity and has the capability of bringing everyone into an activity. Justin used his basketball skills to play knock out with all the boys. Brandon Ruoff and Josh Stein bring their athleticism into every activity, whether it is catching and juking in Flag Football, shooting in Basketball, or their agility in Ga-Ga. Shane Steinberg showed his enthusiasm for Computers and when he finally got to go, he was ecstatic! There is no doubt that B8B is a fantastic group of boys and I cannot wait to enjoy the rest of my summer playing, laughing, and spending it with them!

B6C had a great start

The boys in B6C are having an amazing first week at camp! Both Ivan Ramirez and Samuel Cohen thoroughly enjoyed playing Minecraft in Computers. Akil Anthony's talent for both Tennis and Soccer truly showed while our group participated in both sports. Throughout the week, Ryan Bernstein's affinity for all sports became clear, as he tried his best at everything he did. Joshua Webber made the most of his time playing Ga-Ga; he enjoys the game very much. Brandon Weber proved to be a talented dancer and loved his Free Swim time at the pool. This summer is off to a great start!

G3B HAD A WONDERFUL WEEK

Even with only a small portion of our group for our first week of camp, everything is already off to a great start for the girls of G3B. While making friends with new campers and rekindling past summer friendships, we were eager to splash into all of the fun activities. Molly Blatteis showed off her skills like an expert at Soccer, defending the ball with all her might. She also climbed the rock wall and did the zip line! Eva Leto was so excited to go to Archery and had a blast shooting arrows, and in cooking she tried some new foods. Joanna Lozito made a gorgeous t-shirt bag, painting it to look like there are fireworks on it, in honor of the 4th of July next week. She loves to go in the pool, swimming during both Instructional and Free Swim. With so much fun packed into one week, we are already looking forward to a rockin' summer.
