# Birthday Cake Cookies

## Ingredients:

- 1 cup (226 g) unsalted butter, room temperature
- ½ cup (99 g) granulated sugar
- ¾ cup (160 g) brown sugar
- 2 large eggs, room temperature
- 1 ½ teaspoons vanilla extract
- ½ teaspoon almond extract
- 2 ¾ cups (330 g) all purpose flour
- ¾ teaspoon salt
- ¾ teaspoon baking soda
- ½ cup (80 g) rainbow sprinkles
- 12 ounces (340 g) white chocolate chips

## Directions:

1. In a large bowl, add butter and sugars. Using a hand mixer or stand mixer, cream together until light and fluffy.
2. Add eggs, vanilla extract, and almond extract. Beat until light and fluffy, about 1-2 minutes.
3. In a separate bowl, whisk (or sift) together the flour, salt, and baking soda. Gently stir dry ingredients into butter mixture until just combined (do not overmix).
4. Add white chocolate chips and sprinkles and stir until just combined.
5. Cover bowl or wrap dough in wax paper. Chill for at least 1 hour (up to 24 hours) in the refrigerator. Refrigerating allows the flavors meld and also creates a firmer dough to roll into balls.
6. Preheat oven to 350 degrees Fahrenheit and line a baking sheet with parchment paper. Set aside.
7. Remove dough from refrigerator. Scoop dough using a 1.5 tablespoon scoop or shape by hand into 1.5 inch balls.
8. Place cookie dough balls 2 inches apart onto a parchment lined baking sheet. Bake for about 10-12 minutes, or until lightly browned around edges and across the tops. Allow to cool for 5 minutes before removing to a wire rack to cool completely.

~ Aggie & Preya, Baking Instructors

- 8 oz cream cheese - room temp
- 1 cup powdered sugar
- 1 tsp vanilla extract
- 2/3 cup mini chocolate chips

2. Taste test the dip - if you like it sweeter, add more powdered sugar, about 2 tablespoons at a time. You can safely add up to another 1/2 cup of powdered sugar (8 tablespoons) without negatively impacting consistency.
3. Fold in mini chocolate chips, reserving some to sprinkle on top for decoration if desired.

## From the Newsletter Elective....

### All About Our New Photographer...

Andy is the new photographer of ELDC. You might not know a lot about her so we asked her a few questions.

**Why did you get into photography?** I like to take pictures of random stuff.

**What was the first photo you took?** It was a picture of an adorable little hamster.

As you may know, Andy also teaches the new photo elective, so this leads us to some more questions:

**Is it easy to teach photography to beginners, why or why not?** It is easy because everyone can be creative.

**Do you enjoy taking photos at camp?** Most of the time but I have to walk around the camp and it can get really hot and tiring.

**Why did you get into photography?** Because I wanted to keep all of my memories.

**What is your favorite thing about taking photos?** I get to look back at them and remember the moment.

We will certainly miss Frankie as the photographer but Andy is a great addition to ELDC.

~ Gillian Kleinman, Maddie Alexander, Lucas Mueller, Susie Burnett, Emma Shikhanovich and Sophie Baskind, Campers

### Frankie's New Post

Frankie, our former cameraperson from ELDC has moved to Ropes. Here's what he had to say:

While Frankie is a little sad to leave his position as photographer, he loves his new position at Ropes. He says his experience as photographer was extremely awesome and fun. He has been working at ELDC for 4 years and he thinks that it has had a very positive impact on him. Overall, Frankie says that this transition between posts has been fun.

### A Closer Look at Mad Science

We took a look into Mad Science. This week with our amazing staff, Rachel and Irene and we can report it's been a crazy Mad Science week. Kiddie Kingdom made fluffy cloud dough that is a fizzy cloud dough that is also suuuuper soft like a cloud. Mad Science also used vinegar and baking soda to make exploding lunch bags. Using chemistry, they also made elephant toothpaste, a fuzzy colorful solution that overflowed. We also saw some crazy challenges. It was crazy watching groups strategize together.

## B8Attacks Week 3

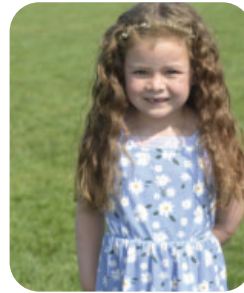

We had an amazing week 3 at Eagle's Landing. Zachary Acquavella, Zachary Oliver, and Liam Ochipa showed everyone their skills at GaGa. Ryan Weiss showed his great goalie skills at Street Hockey. Mark Smith and Dominic Rodriguez being the best players at 4-Square Pickle Ball showing everyone their best work and skills. Owen Mory shot 3's on the Basketball Court like a professional NBA player. Samuel Kaplan showed off his rebounding and passing skills like a point guard. B8A seems like they had a great time and I'm looking forward to seeing them for the rest of the summer.

Ethan Manukyan and Andrew Margulis made some great throws and worked hard to ensure victory at their Prison Ball elective. Canzio Vitanza-Cromartie and Joseph Manykian both made very cool mini programs and had a great time playing games during their Coding elective. Manny Salgado and Chris Miller made some strategic moves and had a blast at their Board Games time. B6C has had another great week and we can't wait for next week!

## G7Awesome

G7A girls were very busy this week but they were fabulous while doing it! Emuna Miller and Madison Wetchkus were mini golf champions, winning the game two days in a row. Keri Machado strikes a card bullseye in Archery with her impressive accuracy. Maya Keel and Zoya Khan started off their first week at camp with a bang, exploring the fun of rope games together. Emma Marx was a certified champion the way that she played at kickball. Sophia Coppolino found her inner chef while she enjoyed the deliciousness of what cooking had to offer. Isla Botnick got in touch with her inner artist when she tried her hand at arts and crafts. Eliana Botnick sang her heart out to come classics during karaoke. All these girls did an amazing job at camp and did their best at whatever task they were given.
