Week 7

## Nothing Better than ELDC!

We smiled all week cause we have Eagle's Landing as our happy place!

On Monday, it was **VIDEO GAME DAY!** Campers wore shirts sporting their favorite video games. AND Campers in grades 3 and up got to play in the video game truck that visited camp today. Tuesday was **TYE-DYE TUESDAY** - nothing says camp like Tye-Dyed shirts!

Our Special Day was **TIME TRAVEL DAY** - we went into the future and back in time. Marty McFly and Doc Brown could be seen all over camp today. We saw all of the decades represented too! We went back to the 50s, 60s, 70s, 80s, and 90s! We love all the music!

Thursday, we got to see campers in our younger grades perform in the **LOWER CAMP SHOWS**. They are such talented children! We love seeing our little stars perform! On Friday, it was fun to see how campers see our staff as they came in on **DRESS LIKE YOUR FAVORITE CELEBRITY!** We saw members of the US Women's National Soccer Team, Justin Timberlake, Taylor Swift, and many other rock stars too!

This week in **Tribes** campers played a double whammy of activities as all of our tribes continued to practice their songs and chants in order to perfect their song performances for next week and they got to see who could create the longest paper chain. For the paper chain challenge, the only supplies they received were three pairs of scissors, one roll of tape, and six pieces of paper. They were challenged to see who could create the longest paper chain and the only rule was that paper had to touch paper. It was really exciting to see all of the different strategies that our campers came up with. The winner of this week's challenges was the **Eldings**!! The fierce competition continues for week 8!

As next week is our last week, a special thank you to all the counselors, division leaders, specialists, office staff, Ruth Ann, Barry, Carlen, Hanna, Shira, Kira, and Bella and everyone else who helped put together The Golden Eagle each week. Thank you, Andy and Brooke, for all of the beautiful pictures you take each week. We are all looking forward to week eight and making more memories that will carry us until next summer.

## SPECIAL EVENTS

We traveled through TIME!!!

**TIME TRAVEL DAY** was AMAZING!! Campers got to truly experience all the decades as they traveled through camp. Our Kiddie Kingdomers went from the 60's where they created a **Peace Sign Paper Plate** to the future as they did yoga with **Aliens**. 1st and 2nd graders got to travel all the way back to the **Prehistoric Era** where they completed an **ESCAPE ROOM** to find a dinosaur. Our 3rd and 4th graders focused on the 60's and 70's as they played **Jumbo Outdoor Twister** and made their own **Pet Rocks**. Finally, the 5th and 6th graders got to live in the 80's with a **Double Dare Obstacle Course** and life size **Pacman**.

It was so fun seeing everyone interact with the past and future and we cannot wait to see everyone next week for our FINAL special day, **TRIBAL DAY #2!**

- 1 tbsp. extra-virgin olive oil
- 20 cloves garlic, 18 cloves finely minced and 2 cloves, thinly sliced

- Freshly ground black pepper

In a large skillet over medium heat, add oil and heat until shimmering. Add sliced garlic and cook, turning often, until golden brown and crispy. Transfer garlic chips to a paper towel-lined plate.

2. Wipe out the skillet and return it over medium-low heat. Melt butter until foamy, then add minced garlic. ## Fresh Pasta Dough

- 2 1/4 c. all-purpose flour, plus more for surface
- 1/2 tsp. kosher salt
- 4 large eggs

1. In a medium bowl, whisk together flour and salt. Pour flour mixture out onto a clean surface. Using your hands, make a well in center of flour. Crack eggs into well and use a fork to slowly whisk flour into eggs until a shaggy dough forms. Use your hands to knead dough until smooth and no longer sticky, about 5 minutes.

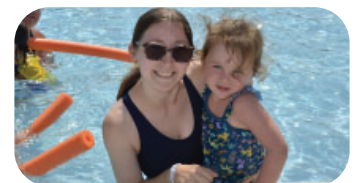

Add flour to surface as necessary to keep dough from sticking. Wrap dough tightly in plastic wrap and refrigerate for at least 1 hour. When ready to roll pasta, cut dough into quarters. Wrap all but 1 in plastic wrap and place in refrigerator.

2. On a lightly floured surface, roll uncovered dough into a long rectangle that's a little less wide than the width of your pasta roller. Set pasta roller to widest setting and pass the rolled out dough through 3 times. Fold short ends of dough to meet in center of rectangle, then fold in half so that the dough is in quarters. Roll pasta dough out so the dough is once again only slightly less wide than the width of your pasta roller. If your dough is springing back too much, cover it with a kitchen towel and let rest 10 minutes. Repeat the rolling and folding process until the dough is very smooth, 3 to 4 more times.

3. Reduce setting by one degree and run pasta dough through once, then reduce setting by one degree after each run through until you've reached the desired thickness of pasta. About 1/16 of an inch thick for regular pasta and 1/32 for filled pasta. Run the pasta dough through twice on the last desired setting. If your pasta sheet becomes too long to work with, cut it in half. Repeat with remaining dough in refrigerator. Keep rolled out dough covered with a clean kitchen towel.

4. Lightly flour 2 large baking sheets. Trim edges of dough to make a clean rectangle and cut pasta into desired shape. (We like 11" long and 1/4" wide for fettuccine-like pasta.) Place pasta on floured baking sheets and cover with a clean kitchen towel. Let dry out for about 30 minutes. To cook: Bring a large pot of salted water to a boil. Add pasta and cook until al dente, 7 to 9 minutes. Drain and toss with desired sauce.

## B8B IS THE PLACE TO BEEEEEEEEEE!

Time flies when you're having fun for group B8B! Ben Fama hit a bullseye at Archery and got his picture taken for the Golden Eagle. Jonah Anestis showed off his skills during his GaGa season debut! Rhagav Sambyal defeated Robbie the counselor in chess twice in fifteen minutes. Wesley Chan was able to secure a spot on base during Fish Ball by screaming "fish" and throwing the fish into the outfield. Max Khalil enjoyed the experiment during Science of putting mentos into a soda bottle. The soda exploded everywhere and it was really cool to see! At the baseball game, Max Whitcomb came away with a foul ball while Jake Mauro Jr. was thrown a ball by a member of the Somerset Patriots! With one more week to go, there's still a lot more fun to have!
